

The Canyon News

VOLUME NUMBER XXXIII.

CANYON, TEXAS, THURSDAY, NOVEMBER 28, 1929.

NUMBER 36

Home Stuff

or otherwise

Thanksgiving is here again. And the people of Randall county have a lot for which to be thankful.

Tuesday night the business and professional men and women expressed appreciation of the work of the local Chamber of Commerce through its officers, and insisted that they hold over until a number of important problems had been settled. It is always a sacrifice to serve on a public board, but a great city cannot be built unless there are public spirited citizens. After all is said and done, there is something more to living than a big growing business, or a steadily increasing bank account. Canyon is thankful that it has citizens who will serve regardless of personal sacrifice.

This morning (Wednesday) Mrs. L. G. Conner signed the deed to the stock pens property. There is nothing now in the way of the quick removal of the stock pens, and opening of the tract to those who wish to buy lots in this splendid addition.

Canyon citizens are pleased that football relations between the Buffaloes and Tech is resumed with the post-season game. Hundreds of Canyon fans will make the journey to back the Buffs.

But the big job on hand right now is to whip the McMurry Indians Thanksgiving at Buffalo Park. Go out and support your team.

And we hope everyone in Canyon will have turkey, and lots of it.

Many Teachers Go To State Meeting Today

A large delegation, headed by President J. A. Hill of the Teachers College, is leaving Canyon today for the meeting of the Texas State Teachers Association at Dallas which begins tomorrow.

President Hill will appear on the program of State Teachers College section. Mrs. Geraldine Green, dean of women of the college will appear on the sectional program of Deans of Women, her subject being "The Relation of Rules to Discipline Problems."

Others who will attend from Canyon are Superintendent Irby Carruth, Dr. R. P. Jarrett, Miss Hattie M. Anderson, Miss Darthula Walker, Professor Franklin Byers, Miss Edna Graham, Mr. and Mrs. F. E. Savage, Miss Tennessee Malone, Miss Margaret Wiley, Miss Florence McMurry, Miss Marian Normington, Miss Elizabeth Cox, Miss Nellie Joe Baucom, Mrs. W. E. Lockhart, Mrs. C. E. Strain and Miss Adalene Strain.

UNCLE GEORGE CALER IS NINETY-TWO YEARS OLD

Uncle George Caler of Happy observed his 92nd birthday on the 15th of November at his home at Happy. Mr. Caler is one of the oldest settlers on the Plains. He was born in North Carolina and came to Texas when he was 15 years old, living in Grayson county. Following the Civil War in which he fought with the Confederate soldiers, he came to the Plains and filed on a section of land in Swisher county.

Mr. Caler recently visited in Canyon with friends.

Letters to Santa

Dear Santa Claus: I wish you would bring me a bicycle, a pair of gloves, and a jiggly-riggs. Lots of candy and nuts. I am a little boy 8 years old.

MELVIN LEAVITT.

Dear Santa Claus: As it will right soon be Christmas again, I will write to you. I want a little car, and a doll, nuts and candy. I am a little girl six years old.

ABBIE LEAVITT.

John Green of Alto, Texas, is spending the week visiting with his sons, Golden and Charlie. He formerly lived here.

BUFFALOES AND McMURRY FIGHT HERE THURSDAY

CLASSIC OF THE PLAINS WILL DRAW BIG CROWD.

Buffaloes Hope to Upset Record of Past Five Years When McMurry Wins.

A wire from McMurry at Abilene indicates that eighteen faculty members and 150 students will accompany the Indians here Thursday for the big game. A special train will arrive in Canyon Thursday at 12:20 p. m. Citizens of Canyon are urged to meet the train with cars, and show the visitors every courtesy.

One of the most glorious battles in the history of the West Texas State Teachers College is anticipated at Canyon Thanksgiving Day when the Buffaloes meet the Indians from McMurry college. And its a long road that has no turning, so say the Buffs, with reference to this game. This will make the fifth annual battle with the Red skins, and to date the Buffaloes have never got a decision, in fact they have never even scored on the McMurry outfit. But the boys under the tutelage of Coach Claude Reeds feel that they are well prepared this time and that this is the year, the place, etc., for the turning of the road.

Until late Saturday afternoon it was announced that this would be the last game for the Buffs, but while the game with Tech Freshmen was going on, Coach Burton and the Tech Coach signed a contract to play the Texas Tech Matadors. Therefore, this game with McMurry will not be the last, but it will determine the standing in the T. I. A. A.

The thousands of ex-students that have signified their intention of being on hand will have one more opportunity to lend their support to the Buffalo cause. But the McMurry game is the important one, because the Indians have always found Buffalo meat easy to digest. They have licked the Bisons five straight years with a regularity that has become monotonous. This year, however, the cry on the campus is "Stop those Indians." The general feeling is that Coach Reeds has the team capable of doing that very thing and with 100 per cent backing of every Buffalo fan in and out of Canyon, McMurry may meet defeat for the first time.

The Indian mentor, R. M. Medley has put out one of his most

Finish Highway to Amarillo With Aid Granted Tuesday

The state highway commission has granted aid to the city of Amarillo in building the connecting link between the Randall county highway and the city pavement. This word was received Tuesday from Austin. Petitions were sent recently from the commissioners courts of Randall and Potter counties requesting aid on this project be granted by the state owing to the fact that the highway runs through a large vacant tract of land within the city limits of Amarillo.

It is thought that work will start at once, and the connection be completed without further delay.

Certified Seed May Be Grown in Randall Under New Law

W. H. Upchurch, county agent, was in Lubbock Monday attending a meeting of the new pure seed inspection board of the state department of agriculture, at which time provisions of the law were discussed. This is the first time that Texas has placed grain sorghums under the certified seed law and placed the state's approval on this pure seed. A large number of county agents and farmers attended the meeting Monday.

Mr. Upchurch states that another meeting will be held in this part of the Panhandle in order that farmers may become acquainted with the provisions of the law. Examinations will be held about the first of the year for those wishing to qualify as growers of pure seed. There are several farmers in Randall county who are interested in being recognized by the state for this work.

H. S. Strain is ill this week.

Thanksgiving Services Tonight

Thanksgiving services will be held Wednesday night (tonight) at 7:30 o'clock at the Baptist church. Rev. F. T. Charlton will preach the annual sermon.

In a conference of the pastors, it was decided to hold the Thanksgiving services on Wednesday night rather than attempt a Thursday morning service as has been the custom in the past. It is hoped that a much larger number of people will attend the services tonight than would have attended had the service been set for Thursday morning.

Biggest Crowd of Year Comes for the Monthly Trades Day

Following the coldest weather of the year, Monday dawned bright and fair, and warmer than for the past week. The largest crowd of the year gathered for the Trades Day, which was considered to be by far the best Trades Day this year.

More than 2,000 people attended the free matinee given by the merchants. The auction sale was well attended, and the catching of the two turkeys drew a big crowd.

It was recently proposed that there should be no Trades Day during December, but this matter will be decided upon within a short while by the newly elected directors of the Chamber of Commerce. Whether or not there will be a Trades Day in December, it will be resumed in January with one of the biggest offerings ever made in Canyon.

The business houses were well pleased with the business of Monday, and the people who came were gratified at the bargains offered.

Hill and Barnett Visit Childress Schools

President J. A. Hill of the West Texas State Teachers College, and Dr. Albert Barnett, rural school specialist, will spend the week of December 16-21 visiting the rural schools of Childress county. Miss Mabel Hare is superintendent and will arrange the itinerary for the five days.

On December 14 both men will make addresses at a meeting of principals and superintendents of Hall County, at Memphis. Theodore Swift is superintendent of this county.

Mayor R. A. Bellah is ill this week.

Coleman Leaves for New Work, Having a Two State Section

O. L. Coleman left Wednesday, having been promoted by the bureau of Animal Husbandry of the U. S. Department of Agriculture to supervisor of the states of Wisconsin and Minnesota in the work of predatory animal control. Mr. Coleman has been working in this section of Texas for the past several years, and has been very successful in his work. Owing to the small appropriation in Texas for this work, the federal government was forced to curtail its work, and Mr. Coleman was transferred to a new field.

Mrs. Coleman will remain here at least until spring.

Orton and Crain at Park Board Meeting

The Palo Duro Park board met in Amarillo Monday. Canyon was represented by S. B. Orton and H. W. Crain.

It was proposed that a survey of the Palo Duro be made, and that options be secured upon the land sought for the state park.

Encouraging news has been received from D. E. Colp regarding the progress made for state parks, and the matter will be rapidly pushed so that a definite proposal may be taken to the special session of the legislature when it meets in January.

BARGAIN DAYS CLOSE

The special bargain rate of \$1.45 per year for both the News and the Dallas News will come to a close on December 1st. No more orders at this rate will be taken on the Dallas News after Saturday.

Mr. and Mrs. N. E. Gass of Hereford spent Sunday visiting in the home of Mr. and Mrs. J. B. Hensley.

Red Cross Quota is Reached, and Nurse Placed Here

Mrs. D. M. Stewart, chairman of the Randall County Red Cross Chapter, reports that the quota of \$300 for the Red Cross Roll Call has been reached. However, many people have not yet been seen, especially business firms, and these will be visited within the coming week.

Mrs. Irby Carruth was chairman of the Roll Call Committee and states that arrangements have been completed to bring the Red Cross nurse to the county within a short while to work among the school children. This is the second time that a nurse has been employed by the Red Cross in Randall county. The work of the nurse was so satisfactory that there was popular demand for the continuation of the services of a nurse.

Eagles Journey to Clarendon Thursday to End the Season

The Canyon Eagles will close the season Thanksgiving at Clarendon with the Bronchos. Both teams have been eliminated from the conference race, but stand high in the percentage columns in wins. Canyon won early in the season from Memphis, while Memphis defeated Clarendon two weeks ago by a close score.

A large number of Canyon high school students will make the trip to Clarendon with the team.

T. I. A. A. Annual Meeting Held Dec. 9th

The Annual meeting of the Texas Intercollegiate Athletic Association which was set for December 5th, will be held at the Dallas Athletic Club December 9th, according to announcement made today by D. A. Shirley, president of the organization.

The change of time has been made to allow a number of people who are members of the T. I. A. A. to attend the meeting of the Association of Colleges and Secondary Schools of the Southern States which takes place at Lexington.

Farming Pays in Randall County.

CHAMBER OF COMMERCE NAMES SAME OFFICERS TO CONTINUE WORK, AT DINNER ON TUESDAY

Much Important Work Confronting Local Chamber of Commerce for the Coming Year—Finances in Good Shape—Problem of Paid Secretary Will Be Taken Up By Directors at First Meeting.

BUFFS TO MEET TECH DEC. 6 AT LUBBOCK

ARRANGEMENTS FOR POST-SEASON GAME MADE SATURDAY; SPECIAL TRAIN IS PLANNED.

A special train will carry the Buffaloes, the Band and hundreds of students and citizens to Lubbock on the morning of December 6th for the post-season game with the Tech Matadors. Complete arrangements for the special train will be made early next week. In the meanwhile, get ready to journey to Lubbock to back the Buffaloes.

The Buffaloes of West Texas have never failed to have the Tech Matadors on their schedule since Tech was first started, but this year the contract expired and a one was thought to be unnecessary as Tech wanted more time to play in the Texas Conference. This year will be no exception to the rule, however, as a post season game has been arranged for December 6th at Lubbock.

Marvin T. Warlick and J. Y. Freeland of Tech went into conference with S. D. Burton, director of Athletics of West Texas and drew up the articles of the agreement for the contest late Saturday afternoon. Canyon fans were jubilant when the announcement came, as the Buff-Matador game has become the classic of the Panhandle in college circles.

It has been the custom of Tech and Canyon to meet on Thanksgiving but the Buff officials thought it best to have a conference game at that time. And it was thought best to have the game in Lubbock.

Already plans are being made in Canyon for a special train in which the Buff supporters will move to the Hub City for the game. Tickets will go on sale shortly, with Canyon taking an entire section of the huge Tech grandstand.

History shows that out of four games played Tech has won three, the largest margin being by two touchdowns last year when Canyon had one of its very weakest teams. In the other years Tech won by one point and five points respectively while the Buffs took their sole victory by a margin of three points in 1927 at Lubbock. But these are only the history for the last few years.

Detour Ready on the Highway South With Grade Being Pushed

Within a few days traffic south from Canyon will be sent over a detour running south from the high school. The contractors are preparing to take out the bridge south of Canyon on the present highway, which will be replaced under the terms of the new grading and drainage contract with a higher and wider bridge. A new steel bridge has been completed south of the high school in order to take care of the heavy traffic.

Judge B. F. Fronabarger states that the dirt moving contract on the south highway should be completed by Christmas, and all of the bridges completed by early spring so that traffic may go over the new route to Happy.

Engineering work is progressing well on the highway west of Canyon. Judge Fronabarger states that no decision has been reached as to paving the two highways after the grading is completed. The state highway commission desires that a topping be placed on the new grade, and the state will assure the maintenance of the same. If this is done, the county would have practically enough money from the \$250,000 bond issue of 1929 to complete both highways to the county line. Judge Fronabarger has examined the type of highway which is recommended, and believes that it will stand up to heavy traffic, although not so durable as the concrete.

STORK SPECIAL

A son was born to Mr. and Mrs. Wilson Campbell, Nov. 18.

A son was born to Mr. and Mrs. E. G. Bryan, Nov. 21.

Expressing the greatest confidence in the present directorate of the Chamber of Commerce, and believing that there is too much important work hanging in the balances to make a change at this time, the members of the Chamber of Commerce re-elected all of the officers and directors of the local organization Tuesday night at the annual dinner held at the Presbyterian Church. Pleas were made by President J. A. Hill and Clyde W. Warwick that the present members continue in office until such a time as important matters now under consideration be settled.

President W. A. Warren of the Chamber of Commerce expressed great appreciation to the Rotary Club for having joined the Chamber of Commerce in the annual dinner. He expressed great appreciation of the members of the board of directors and other officers who had labored so faithfully during the past year in putting over the local program. He called attention to the number of things which had been accomplished by the local organization, including the financing of local entertainment for the teachers institute; track meets; interscholastic league meet; College band trips; high school band; Palo Duro canyon project; highway problems; weed cutting campaign. He highly praised the work of Secretary Oscar Gano who had mailed out several thousand letters and pieces of literature regarding the town and county. This had been done at a great sacrifice to his personal business.

Mr. Warren believes that Canyon should now take active steps to capitalize the advantages which we have been talking about for the past several years. These facts should be assembled and analyzed for the benefit of those who would come here to make Canyon and Randall county their home. The citizens are thoroughly acquainted with the advantages, but they have failed to spread the message to the outside world.

Mr. Warren deplored the small amount of money which was being invested in the Chamber of Commerce work, and wondered that so much had been accomplished with such a small amount.

Gano Reports

Secretary O. W. Gano made an interesting report on the financial condition of the organization. He called attention to the fact that although Canyon had a population of 3500, there were only 80 contributors to the Chamber of Commerce. A complete financial report is published elsewhere in this issue.

Community Chest Fund

Dr. H. A. Brown stated that the American Legion was sponsoring a Community Chest for the purpose of bringing Christmas cheer to the needy families of Canyon. The Legion is asking for donations of clothing, food, toys, cash and Christmas trees with decorations. There are several needy families in Canyon, according to a check made by Legion members.

The Community Chest was highly approved by Rev. W. C. Kunze, D. A. Shirley and Tom Knighton. Rev. Kunze invited the members to the Thanksgiving services Wednesday night at the Baptist church. The sermon will be preached by Rev. F. T. Charlton.

Prizes for Decorations

W. A. Warren stated that the Chamber of Commerce will give two \$25 prizes for Christmas decorations this year. One to the best decorated business house, and one to the best decorated home in Canyon. He urged the citizens to enter the contest.

The following are the officers re-elected:

W. A. Warren, president.
D. A. Shirley, vice president.
Oscar Gano, secretary.
Directors—J. B. Elliston, Mrs. T. V. Reeves, W. J. Wooten, J. S. Humphreys.

Few Speeders in City Says Frank Hicks

Canyon has less speeders right now than at any time in several years, stated Speed Cop Frank Hicks Tuesday. There is not a single speeder among the delivery boys in the city.

Mr. Hicks is laying for a few young drivers who have been reported to be speeders, and has threatened a jail sentence if they are apprehended.

A son was born to Mr. and Mrs. Wilson Campbell, Nov. 18.

A son was born to Mr. and Mrs. E. G. Bryan, Nov. 21.

Expressing the greatest confidence in the present directorate of the Chamber of Commerce, and believing that there is too much important work hanging in the balances to make a change at this time, the members of the Chamber of Commerce re-elected all of the officers and directors of the local organization Tuesday night at the annual dinner held at the Presbyterian Church. Pleas were made by President J. A. Hill and Clyde W. Warlick that the present members continue in office until such a time as important matters now under consideration be settled.

President W. A. Warren of the Chamber of Commerce expressed great appreciation to the Rotary Club for having joined the Chamber of Commerce in the annual dinner. He expressed great appreciation of the members of the board of directors and other officers who had labored so faithfully during the past year in putting over the local program. He called attention to the number of things which had been accomplished by the local organization, including the financing of local entertainment for the teachers institute; track meets; interscholastic league meet; College band trips; high school band; Palo Duro canyon project; highway problems; weed cutting campaign. He highly praised the work of Secretary Oscar Gano who had mailed out several thousand letters and pieces of literature regarding the town and county. This had been done at a great sacrifice to his personal business.

Mr. Warren believes that Canyon should now take active steps to capitalize the advantages which have been talking about for the past several years. These facts should be assembled and analyzed for the benefit of those who would come here to make Canyon and Randall county their home. The citizens are thoroughly acquainted with the advantages, but they have failed to spread the message to the outside world.

Mr. Warren deplored the small amount of money which was being invested in the Chamber of Commerce work, and wondered that so much had been accomplished with such a small amount.

Gano Reports

Secretary O. W. Gano made an interesting report on the financial condition of the organization. He called attention to the fact that although Canyon had a population of 3500, there were only 80 contributors to the Chamber of Commerce. A complete financial report is published elsewhere in this issue.

Community Chest Fund

Dr. H. A. Brown stated that the American Legion was sponsoring a Community Chest for the purpose of bringing Christmas cheer to the needy families of Canyon. The Legion is asking for donations of clothing, food, toys, cash and Christmas trees with decorations. There are several needy families in Canyon, according to a check made by Legion members.

The Community Chest was highly approved by Rev. W. C. Kunze, D. A. Shirley and Tom Knighton. Rev. Kunze invited the members to the Thanksgiving services Wednesday night at the Baptist church. The sermon will be preached by Rev. F. T. Charlton.

Prizes for Decorations

W. A. Warren stated that the Chamber of Commerce will give two \$25 prizes for Christmas decorations this year. One to the best decorated business house, and one to the best decorated home in Canyon. He urged the citizens to enter the contest.

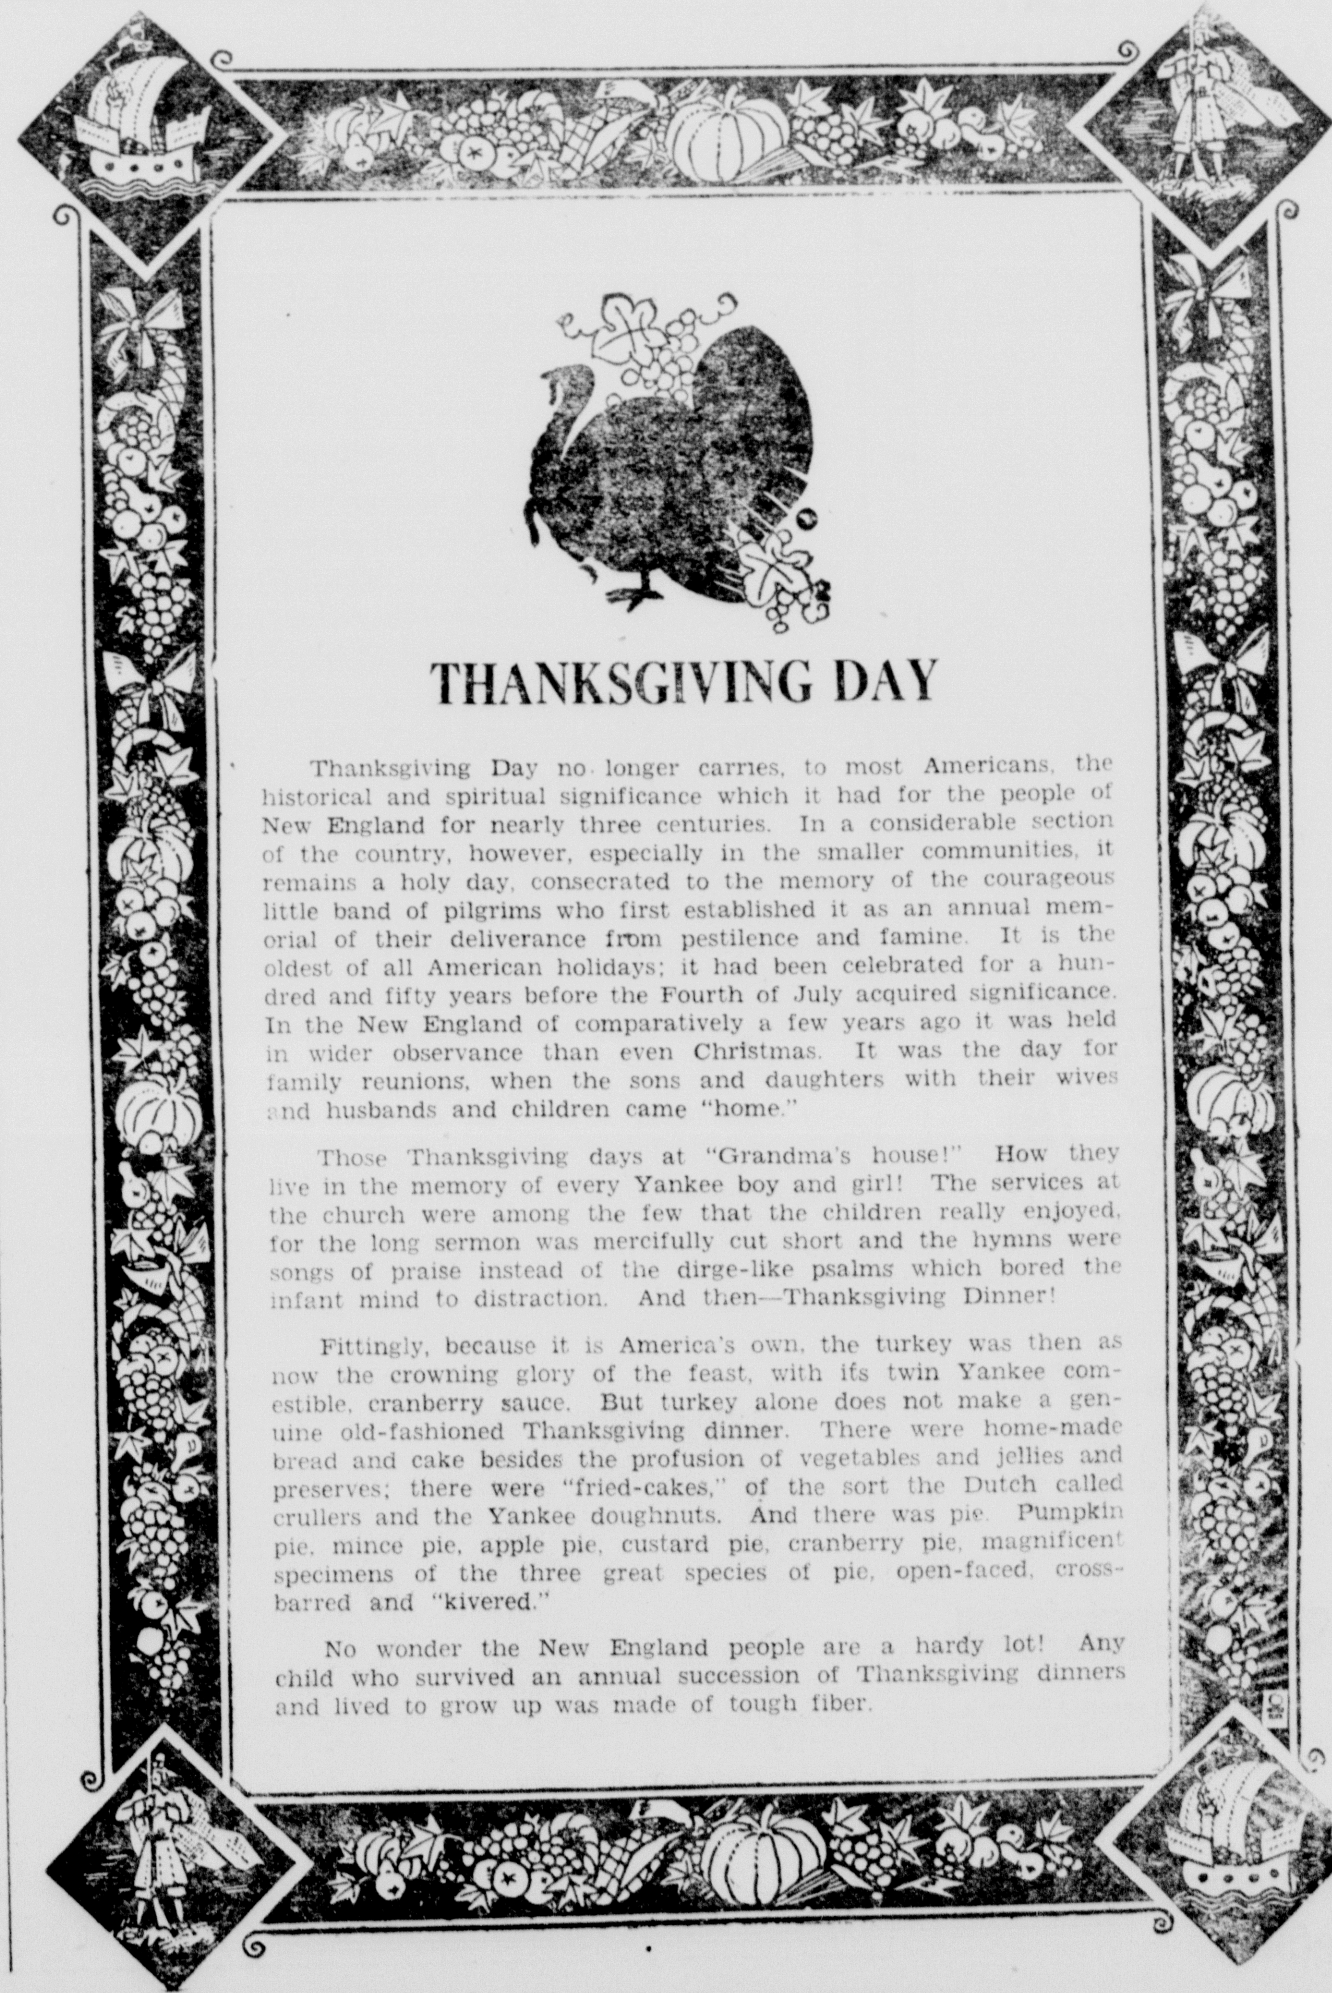

The following are the officers re-elected:

W. A. Warren, president.
D. A. Shirley, vice president.
Oscar Gano, secretary.
Directors—J. B. Elliston, Mrs. T. V. Reeves, W. J. Wooten, J. S. Humphreys.

Few Speeders in City Says Frank Hicks

Canyon has less speeders right now than at any time in several years, stated Speed Cop Frank Hicks Tuesday. There is not a single speeder among the delivery boys in the city.

Mr. Hicks is laying for a few young drivers who have been reported to be speeders, and has threatened a jail sentence if they are apprehended.

THANKSGIVING DAY

Thanksgiving Day no longer carries, to most Americans, the historical and spiritual significance which it had for the people of New England for nearly three centuries. In a considerable section of the country, however, especially in the smaller communities, it remains a holy day, consecrated to the memory of the courageous little band of pilgrims who first established it as an annual memorial of their deliverance from pestilence and famine. It is the oldest of all American holidays; it had been celebrated for a hundred and fifty years before the Fourth of July acquired significance. In the New England of comparatively a few years ago it was held in wider observance than even Christmas. It was the day for family reunions, when the sons and daughters with their wives and husbands and children came "home."

Those Thanksgiving days at "Grandma's house!" How they live in the memory of every Yankee boy and girl! The services at the church were among the few that the children really enjoyed, for the long sermon was mercifully cut short and the hymns were songs of praise instead of the dirge-like psalms which bored the infant mind to distraction. And then—Thanksgiving Dinner!

Fittingly, because it is America's own, the turkey was then as now the crowning glory of the feast, with its twin Yankee comestible, cranberry sauce. But turkey alone does not make a genuine old-fashioned Thanksgiving dinner. There were home-made bread and cake besides the profusion of vegetables and jellies and preserves; there were "fried-cakes," of the sort the Dutch called crullers and the Yankee doughnuts. And there was pie. Pumpkin pie, mince pie, apple pie, custard pie, cranberry pie, magnificent specimens of the three great species of pie, open-faced, cross-barred and "kivered."

No wonder the New England people are a hardy lot! Any child who survived an annual succession of Thanksgiving dinners and lived to grow up was made of tough fiber.

THANKSGIVING

It is highly appropriate that the citizens of Randall county observe this Thanksgiving Day. There is much for them to be thankful for on this 28th day of November, 1929.

Not many years has been as prosperous as has this one in Randall county. Good crops, with fair prices have been in store for the farmers.

Business conditions have been fine in all lines.

No storms or pestilence have infested the country.

No great misfortune has befallen any of the citizens of the community.

Peace, plenty and prosperity has been the lot of most of our people.

It was in 1621 that the first Thanksgiving was observed in this country, however the idea is not purely American in origin, since in England for many centuries the Harvest Moon supper has been celebrated. To these the landlord invited all of his tenants to come feast with him when the harvest was completed, and it was this custom which inspired the New England colonists to set aside a day of Thanksgiving and feasting at the completion of their first successful harvest in New England. This was in 1621 and in 1863 Lincoln decreed the last Thursday in November should be set aside as a national holiday. It is a season of homecoming, a season for renewing happy memories and relationships. Let us all join in the spirit of Thanksgiving.

Law abiding citizens are very much opposed to lynching, such as witnessed at Eastland last week. But law abiding citizens are becoming thoroughly disgusted with delays in court procedure, and the technical path over which every criminal travels before he is brought to justice. It is no wonder that after three men had fallen to death at the hands of this murderer, and there seemed to be no punishment for him in sight, that the citizens decided to take the matter in hand. The lawyers

of America who believe in justice and in the dignity of the trial jury should take a hand in court reform and demand that the technical bunk which has impeded justice be done away with. It is no wonder that life is cheap in this country, when it is a well known fact that murder may be committed under almost any provocation and the chances are about 99 to 1 that the murderer will never be convicted.

CITATION BY PUBLICATION OF FINAL ACCOUNT

THE STATE OF TEXAS.

To the Sheriff or any Constable of Randall County, Greetings:

M. W. Hess and Geo. H. Hess, executors of the Estate of Mathias W. Hess, deceased, having filed in our County Court his Final Account of the condition of the Estate of said Mathias W. Hess, deceased, numbered 216 on the Probate Docket of Randall County, together with an application to be discharged from said estate, You are hereby commanded, that by publication of this Writ for twenty days in a newspaper printed in the County of Randall you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on or before the December Term, 1929, of said County Court, commencing and to be held at the Court House of said County, in the City of Canyon, on the 16th in December A. D. 1929, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Canyon this 7th day of November A. D. 1929.

(Seal) BERL E. MAYFIELD, Clerk, County Court, Randall County.

I hereby certify that the above and foregoing is a true and correct copy of the Original Writ now in my hands.

JOHN FRY, Sheriff Randall County.

Buffaloes

(Continued from first page)

powerful teams this year. He has the usual strong defensive department for which his teams have been famous since their entry in the T. I. A. A. The offensive this year is a combination passing and running attack that has failed to function only on muddy fields. The Warriors have been defeated but once, and, although tied thrice due to playing in rain, they are considered as the most dangerous team the Buffaloes have to meet.

As to the Buffaloes, their splendid showing this fall has surprised their most ardent admirers. Coach Reeds has worked wonders in his first year with the herd. The Buffs scoring department has improved with every game until today their offensive is on the par with their defense. Every Buffalo is willing to go the limit to win. It is a determined outfit that is reporting daily in all kinds of weather. It may not be the year for the Buffs to win, but many followers of the herd have expressed themselves as believing that the Buffs are more nearly ready for the annual battle than ever before. Anyway it will be a great fight.

Truly a victory over the Redskins would be a great record for the Buffs to reflect over in years to come, especially to those who are playing their last season. A defeat would not set so well for the boys say they are going to win, they are going to play to win, and will not be satisfied with anything but a win. The Buffaloes have won five games, so far and if they win this one, it would give the Herd a percentage of .750 by far the highest ever attained by any Buffalo crew. Both the Buffs and Indians are the same in the T. I. A. A. and this game will determine which shall lead the other in the final standing.

Buffalo stadium, where the game will be played is in perfect condition. Not a muddy game has been played there this season, the round surface having drained the water off in every instance and even though the weather may not be ideal Thanksgiving, there is every reason to believe that neither team will have any mud to plow through.

It is probably useless to suggest that Dolly Gann and Alice Longworth sit on a log beside the Rapidan and declare a truce. They would doubtless not agree on who was to sit at which end of the log.—Detroit News.

Chicago isn't as bad as it's painted. The police have found only two drug stores that sell machine guns.—Hubbard (Ore.) Enterprise.

Hill Speaks Last Week at Baptist Gen'l Convention

As chairman of the committee on Civic Righteousness in the Baptist General Convention, President J. A. Hill made a report of the work of the committee at the Baptist General Convention which was held at Beaumont last Wednesday, Thursday, Friday, and Saturday.

President Hill was appointed chairman of this committee by the former Governor Pat M. Neff who is now president of the convention. The Rev. C. G. Howard of the local Baptist church also attended the convention.

Another thing that has puzzled us a little, about "success stories" is why the interviewer sometimes has to hunt up his subject in a sanitarium.—Detroit News.

The new British dirigible has among other luxuries a ballroom. Dancing on air promises to be much more comfortable and popular than it was in older times.—Brooklyn Eagle.

"She took her husband unawares ... and learned a lot!"

MRS. KIRK'S husband wasn't expecting her back from Fort Worth until Sunday morning, but she came home on Saturday night.

"I'll surprise them," she told herself, slipping her key into the latch and entering the house quietly.

Savory odors came from the kitchen and she heard voices behind the closed door.

"Yes, sir; your mother's the best cook on earth," she heard her husband saying to her son, "but, my boy, she certainly doesn't make good coffee. She's such a dear, good woman, though, that I have never liked to tell her so."

"Well, it's good that we found out about this White Swan Coffee and laid in a good supply while she was gone, Dad," her boy said. "I think she'll notice the improvement."

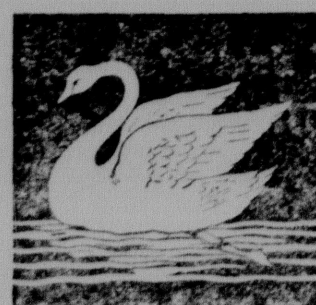

Mrs. Kirk was 'a good sport' and a wise woman. She slipped back to the front door again, slammed it and shouted, "Look who's here!"

Mr. Kirk and his son raced to meet her and immediately after the embraces were exchanged, she said, "By the way, I ran across the most wonderful coffee in Fort Worth. It's called White Swan and..."

Yes, indeed—a wise woman!

No matter which member of the family may have introduced White Swan Coffee—or by what means—the enthusiastic praise for its tempting aroma and satisfying flavor is always unanimous.

To develop its natural goodness, more than a half century of experience is brought

WHITE SWAN COFFEE

Thanksgiving

The Pilgrim Fathers were forced to carry a blunderbus wherever they went. They knew the value of PROTECTION. After a year of hardships they set a day and called it Thanksgiving, the first Thanksgiving. Every year thereafter they celebrated the day and in this manner the habit has come down to us.

Today, three hundred years later, people also know the value of PROTECTION. It is not necessary to carry a blunderbus, but it is NECESSARY to bank your money, valuable papers and jewelry. The Utopia which is absolutely free from danger of theft is yet to be found, and until it is it will be necessary to place valuables in theft proof places. We solicit your business.

First State Bank of Canyon

Health Is At Your Open Window

Oxygen is necessary to breathing. Oxygen is taken from the air by a gas flame just the same as by any other kind of flame. Fresh air supplies oxygen.

So, for your health's sake, let a little fresh air in.

If you must have a fire to dress by, have it in another room. If you live in a small apartment and sleep in your living room, turn out the fire and raise the windows when you go to bed.

WATER HEATERS WITHOUT FLUE PIPES ARE A MENACE

Many gas appliances, including some well-constructed room heaters, are safe to use without flue connections in WELL-VENTILATED rooms. However, it is advisable that all appliances using gas in considerable quantities should be connected with flues, for even the most efficient types may produce poisonous gas when the flame is first lighted.

If your water heater—or any other kind of a heater—is in the bath room, turn it out when you are ready for your bath. It requires approximately 10 cubic feet of air to supply sufficient oxygen to burn one cubic foot of gas—and there usually is little or no fresh air coming into the average bathroom.

Natural gas, when properly used, not only is efficient and economical, but it also is safe.

West Texas Gas Company places a higher value on the health, safety and good will of consumers than upon any revenue it might derive from gas that is not properly used.

Fourteen Colleges Are Represented Here by 30 Women

Thirty delegates representing fourteen colleges were present at the sixth annual convention of the Texas Athletic Conference of College Women which met here Thursday, Friday, and Saturday of the past week. Miss Charlsie Mae Harding of W. T., president of the conference, presided at all meetings.

Opening the conference with a cowboy dance in honor of the visitors Thursday night at 8:30 in the woman's gym, the visiting delegates were given a view of life in the west by the costume and favors of the affair.

Miss Ruth Cross, of the physical education department of W. T., gave the welcome address Friday morning at the regular session of the conference. More and better sports for women were emphasized throughout the entire meet, and a committee from the conference is to go before the athletic section of the Texas Teachers' Association next week.

At the business session Friday morning, Mrs. Murphy of T. C. U. gave a report of the National Association of Women's Athletics which she attended in New York City during January of this year. Miss Vicker of Texas University explained their organization of the Woman's Athletic Association in that school. Other topics of discussion were the award and point system, and the constitution of the T. A. C. C. W. This was changed so that the officers of the entertaining school automatically become those of the conference.

Friday at the noon hour all members of the local W. A. A. and the visiting members were present at a luncheon given at Cousins Hall. The Thanksgiving and western theme were combined in the place cards, favors, and menu. A practical demonstration of sports were given by the various colleges in the gym Friday afternoon. One of the features of this demonstration was that of volley ball given by the Amarillo high school.

Since some of the delegates had never visited this part of the country, they were taken to the light-house canyon, and then back to the Methodist Encampment grounds for a barbecue Friday afternoon. The visitors seemed to enjoy "following the chuck wagon," and after supper the delegates from the various schools gave stunts, yells, and sang songs, not failing to give fifteen rans for Mr. Snyder who cooked such excellent barbecue.

Saturday morning the final business meeting was held, at which time Baylor College at Belton was selected for the meeting place of the conference held next year. A practical demonstration of swimming strokes and diving were given by Mrs. Ruth Baker of Baylor College. The delegates were entertained at the chapel hour by stunts given by the pep organizations of W. T. which were dedicated to the T. A. C. C. W.

The delegates and a number of people of W. T. were guests of the Chamber of Commerce of Amarillo at a luncheon given at the Amarillo Hotel at 1:00 o'clock Saturday. O. V. Vernon of Amarillo was chief host and Miss Charlsie Mae Harding, president of the T. A. C. C. W., was toastmistress. Col. Ernest O. Thompson, mayor of Amarillo, gave the welcome address to which Mr. Travis Shaw, secretary of the college, made the response. Other speakers were Mr. D. A. Shirley, Mrs. Geraldine Green, Mrs. Travis Shaw, and Mrs. Ruth Baker of Baylor College.

Under the direction of the chamber of commerce the guests were taken on a sightseeing tour over Amarillo. On the return to Canyon the delegates were honored with a tea given at the home of Miss Mary E. Hudspeth given by the Canyon chapter of the American Association of University Women.

Closing the convention was the informal supper at the college cafeteria. Miss Harding made the farewell address, which was followed by yells and songs given by

Amarillo Woman Had Suffered For 36 Years

Says It Is Marvelous The Relief
Orgatone Is Giving Her—
Gains Daily.

"I could buy a nice automobile with the money I have spent during the last thirty years trying to get rid of my troubles, and my efforts failed completely, until I commenced taking Orgatone," said Mrs. E. S. Dollar, who lives at 2812 Line Ave., Amarillo, Texas.

Mrs. Dollar is well known in Amarillo and has many friends who will be pleased to hear of her improvement. In relating further her experiences with Orgatone, she said: "Some times for weeks at a time I would not average over three or four hours' sleep each night on account of extreme nervousness, which was the result of long years of suffering. My stomach was in a very bad condition all the time, and I had practically no appetite, in fact, when I did eat I just forced myself to do so. "Constipation bothered me constantly and often times headaches bothered me. I tell you I was in a very badly run down condition in every way, but in spite of all I could do in the way of medicine and treatment and I just kept on getting weaker all the time, and I finally came to the conclusion that nothing would ever do me any good."

"It was a hard matter for me to make up my mind to take this Orgatone, for I had been disappointed so many times that I had about lost faith in all kinds of medicines. I finally made up my mind to get one bottle of Orgatone and if I felt that it did me good I would get more. To my great surprise, I commenced to feel better before I had finished my first bottle. Well, to tell you the truth, it is all so wonderful that I just don't know how to express myself, so I will just say that Orgatone is the most marvelous preparation I have ever heard of. I now have a hearty appetite and eat three good square meals a day, my nervousness is leaving me and the numbness in my left side has been improving constantly. Orgatone is restoring my health and I am now so happy and grateful that I never lose an opportunity to speak a good word for this great medicine. I am more than glad to give this statement."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Canyon by the Jarrett Drug Co.

the local W. A. A. members and the visitors. Miss Ruth Baker of Baylor College extended a hearty welcome to everyone to attend next year's conference at Belton. Amid yells and songs of cheer the delegates departed for their colleges, some of which were as far as 600 miles away.

Many a circular finds the wastebasket without being read.

Motherhood

massage brings
comfort

Complete relaxation and comfort is very necessary to the expectant mother. Nervousness, discomfort and pain exhausts that strength so vital at this particular time.

Thousands of thousands of expectant mothers have passed through this period in their lives with the aid of "Mother's Friend," that time-tested, scientifically prepared skin lubricant and pain-reliever which originated in the prescription of an eminent obstetrician.

You owe yourself the comfort "Mother's Friend" gives. It is not a drug to be taken. It is used externally only—gently rubbed into the skin. Clean and pleasant to the touch. Brings relief promptly. Very valuable in keeping the breasts in good condition. Also puts you in fine shape for the approaching ordeal.

"Mother's Friend" is on sale at all drug stores, \$1.25 per bottle. Try a massage with it tonight and notice the ease and comfort it gives. A booklet on "Things to Know Before Baby Comes" will be mailed in plain envelope, free, on request. Address Bradfield Regulator Co., Dept. 10, Atlanta, Ga.

Thanksgiving

The Pilgrim Fathers were forced to carry a blunderbus wherever they went. They knew the value of PROTECTION. After a year of hardships they set a day and called it Thanksgiving, the first Thanksgiving. Every year thereafter they celebrated the day and in this manner the habit has come down to us.

Today, three hundred years later, people also know the value of PROTECTION. It is not necessary to carry a blunderbus, but it is NECESSARY to bank your money, valuable papers and jewelry. The Utopia which is absolutely free from danger of theft is yet to be found, and until it is it will be necessary to place valuables in theft proof places. We solicit your business.

First State Bank of Canyon

Health Is At Your Open Window

Oxygen is necessary to breathing. Oxygen is taken from the air by a gas flame just the same as by any other kind of flame. Fresh air supplies oxygen.

So, for your health's sake, let a little fresh air in.

If you must have a fire to dress by, have it in another room. If you live in a small apartment and sleep in your living room, turn out the fire and raise the windows when you go to bed.

WATER HEATERS WITHOUT FLUE PIPES ARE A MENACE

Many gas appliances, including some well-constructed room heaters, are safe to use without flue connections in WELL-VENTILATED rooms. However, it is advisable that all appliances using gas in considerable quantities should be connected with flues, for even the most efficient types may produce poisonous gas when the flame is first lighted.

If your water heater—or any other kind of a heater—is in the bath room, turn it out when you are ready for your bath. It requires approximately 10 cubic feet of air to supply sufficient oxygen to burn one cubic foot of gas—and there usually is little or no fresh air coming into the average bathroom.

Natural gas, when properly used, not only is efficient and economical, but it also is safe.

West Texas Gas Company places a higher value on the health, safety and good will of consumers than upon any revenue it might derive from gas that is not properly used.

The Chamber of Commerce furnished \$340.20 for the purchase of Certified seeds for re-sale, which amount has been repaid to the Chamber of Commerce, and is not included in the above receipts.

During the year we mailed out approximately 5,000 letters and pieces of literature, and have furnished approximately 2,500 pieces of literature for individuals to mail out with personal letters. The above 5,000 letters and pieces of literature, went into some thirty different States.

O. W. GANO, Secretary.

Formal Opening of Little House of Fellowshipship is Held

"The Little House of Fellowshipship," Episcopal headquarters for student work in Canyon, was formally opened Tuesday with a housewarming which was attended by many people of Canyon, Amarillo and Plainview, and with many additional towns represented by the college students who visited the house during the day.

Mrs. Elizabeth Fry Page, the hostess, assisted by Mrs. William Robinson, Mrs. C. A. Pierle, Rev. Charles Harris of Plainview, Mrs. Geraldine Green, President J. A. Hill giving short talks, and with music furnished by Miss Mattie Mae Swisher, accompanied by Miss Thelma McMin; Will Dawes, and Mrs. C. A. Pierle and Mr. Parsons.

A poem, written by Mrs. E. H. J. Andrews, the first hostess of the original Little House, was read at both the afternoon and evening programs.

Mr. Harris M. Cook, dean of men of the College, and Mrs. Cook, and Mrs. Green assisted Mrs. Page in the evening.

The "Little House" which is now completely furnished represents the fulfillment of a dream of years duration, and its erection was made possible by the work of people throughout the Episcopal churches of Texas and from other states. The work which will be done by the Episcopal worker will be non-denominational, and the house will be headquarters for every activity which will add to the happy mem-

ories of college students and to the culture of Canyon.

Bishop Seaman says, "We have no doubt but that the money invested in Canyon will be returned many times in the service which can be rendered through the work here as it reaches out into the lives of the people of Texas who are touched through the students from the college."

O. L. COLEMAN HONORED

Mrs. O. L. Coleman entertained at bridge Thursday evening honoring her husband, O. L. Coleman, who left this morning for Wisconsin where he will accept a new position. Thanksgiving decorations adorned the rooms where four tables were placed. Refreshments of pumpkin pie with whipped cream, and coffee were served to the following guests: Dr. and Mrs. C. A. Pierle, Mr. and Mrs. F. E. Savage, Mr. and Mrs. L. S. Baker, Mr. and Mrs. Dan K. Usery, Mr. and Mrs. Frank R. Phillips, Mrs. Geraldine Green, D. A. Shirley, Mr. and Mrs. W. C. Ransom, Miss Frances Usery, and R. H. Coleman of Washington D. C.

Guests at a dinner honoring Mr. Coleman last evening were Mr. and Mrs. W. H. Upchurch, Mr. and Mrs. Dan K. Usery, Mr. and Mrs. W. C. Ransom, Miss Frances Usery, and R. H. Coleman of Washington D. C.

FRIENDS ENTERTAINED

Mrs. A. L. Walsh and Mrs. R. E. Harter were joint hostesses at a party given for friends Thursday evening at the home of Mrs. Walsh. There were six tables of bridge.

Refreshments were served to Mr. and Mrs. Dewey Foster, Mr. and Mrs. Hud Prichard, Mr. and Mrs. Warren Johnson, Mr. and Mrs. Lee Foster, Mr. and Mrs. Ed Mickel, Mr. and Mrs. Cecil Newberry, Mr. and Mrs. Winfield Miller, Mr. and Mrs. J. B. Sikes, Mr. and Mrs. A. E. Terry, Mr. and Mrs. Mark Foster, and Misses Stella Rusk and Mayme Dunaway.

Help Keep Canyon Clean.

Park System of Texas Made the Study Book Club

The Woman's Book Club of Canyon is making a study of Texas as its project this year. Every program of the year's work was made with the advice of an expert.

The year's work began with a brief study of the history and government of Texas with Professor Stuart H. Condon of the West Texas State Teachers College faculty as adviser.

This study, which embraced four lessons, is followed by four lessons on the geology and geography of Texas; Miss Darthula Walker, head of the geography department of the Teachers College assisted in the preparation of these. They will occupy the time until the end of January 1930.

Because all Texas is interested in the development of a park system, a meeting in February will be given to the study of a park program for Texas, and Mrs. Phebe K. Warner, a member of the State Park Board will be the speaker for the occasion.

Miss Anna I. Hibbets, whose interest in wild life furnished her with a hobby, helped to form the programs dealing with plant and animal life in Texas.

The history of Texas' educational development will then be taken up, the program on this subject having been formed under the direction of Dr. R. P. Jarrett, Dean and head of the Education department of the College.

Texas' literature, both prose and poetry, and Texas music will complete the year's study, with Miss M. Moss Richardson, and Miss Mattie Mae Swisher and Mr. Wallace R. Clark head of the music department of the College as advisers.

The course was worked out at the request of the Woman's Book Club, many members of which are not native Texans, and wished to acquaint themselves with Texas' history and material and intellectual resources. Mrs. H. A. Brown is president of the club, and Mrs. T. B. McCarter is chairman of the program committee for the year.

The year's work, arranged in programs, and with a bibliography is available to other clubs throughout the state. It may be had thru the Bureau of Public Service of the College, from which place detailed information about it may be secured.

Members of the Woman's Book Club say that the only fault of the course is that they become so interested in each section that they wish to spend more time in it than is provided for. The course could easily be expanded to cover two or more years, according to the club women who are studying it.

The Woman's Book Club was established twenty-three years ago, and is one of the early study clubs of the Panhandle.

Lakeside News

Pat Edward Campbell arrived Monday, Nov. 18. He will make his home with Mr. and Mrs. Wilson Campbell.

Mr. and Mrs. Albert Byars and children attended the singing convention in Amarillo Sunday.

Mr. and Mrs. A. J. Ford and children visited in Amarillo Saturday.

Mr. and Mrs. L. T. Campbell and children visited in the home of Mr. and Mrs. L. Foster Sunday evening.

AT LAST!

Canyon's Most Desirable Business and Residential Property will be on The Market Soon

The years of effort of the Chamber of Commerce and other civic organizations have at last borne fruit! The ideally located tract west of the Canyon-Amarillo paved highway, between First Avenue on the north and Third on the south, is to be subdivided and developed into Canyon's finest residential and college business area. It will be known as—

Gilvin and Brymer's

College Park Addition

Streets are to be graded immediately. These will connect up the college with the home area just west of the subdivision. Paving should quickly follow. The stockyards are to be removed to a new location right away! Reasonable building restrictions will protect the lot purchasers; and gas, water, electricity, telephones, sewerage lines and paving will be available for home and business structures quickly, because of the close in, surrounded location of College Park Addition.

WATCH FOR BIG SALE ANNOUNCEMENT

Sale of lots in College Park Addition will be made in full co-operation with Canyon's real estate dealers. Plats of the subdivision with prices of lots will be furnished to these men who desire them, and purchases may be arranged subject to approval by the undersigned developers. Prices and terms of lots will be so attractive that there is a remarkable opportunity for

profits whether locations are improved at this time or not. Watch for the plats, and further announcements.

This is the biggest project that has been announced for Canyon's civic development in years; and it has the full endorsement of the Chamber of Commerce, and all other organizations and individuals familiar with what this will mean to the city, and lot purchasers.

	\$2,858.08

We also have cash on hand in escrow fund, for moving stock pens, \$669.50, and the solicitors are not through until the full sum of \$850.00 needed is raised.

The Chamber of Commerce furnished \$340.20 for the purchase of Certified seeds for re-sale, which amount has been repaid to the Chamber of Commerce, and is not included in the above receipts.

During the year we mailed out approximately 5,000 letters and pieces of literature; and have furnished approximately 2,500 pieces of literature for individuals to mail out with personal letters. The above 5,000 letters and pieces of literature, went into some thirty different States.

O. W. GANO, Secretary.

Formal Opening of Little House of Fellowship is Held

"The Little House of Fellowship," Episcopal headquarters for student work in Canyon, was formerly opened Tuesday with a housewarming which was attended by many people of Canyon, Amarillo and Plainview, and with many additional towns represented by the college students who visited the house during the day.

Mrs. Elizabeth Fry Page, the hostess, assisted by Mrs. William Robinson, Mrs. C. A. Pierle and Misses Theresa Robinson and Pearl Davis received guests from three to six in the afternoon. Miss M. Moss Richardson and Mrs. Charles Harris poured tea.

From seven-thirty until nine o'clock visitors were again welcomed.

Short programs were given both afternoon and evening with Bishop E. C. Seaman of Amarillo, Rev. Charles Harris of Plainview, Mrs. Geraldine Green, President J. A. Hill giving short talks, and with music furnished by Miss Mattie Mae Swisher, accompanied by Miss Thelma McMinn, Will Dawes, and Mrs. C. A. Pierle and Mr. Parsons. A poem, written by Mrs. E. H. J. Andrews, the first hostess of the original Little House, was read at both the afternoon and evening programs.

Mr. Harris M. Cook, dean of men of the College, and Mrs. Cook, and Mrs. Green assisted Mrs. Page in the evening.

The "Little House" which is now completely furnished represents the fulfillment of a dream of years duration, and its erection was made possible by the work of people throughout the Episcopal churches of Texas and from other states. The work which will be done by the Episcopal worker will be non-denominational, and the house will be headquarters for every activity which will add to the happy mem-

ories of college students and to the culture of Canyon.

Bishop Seaman says, "We have no doubt but that the money invested in Canyon will be returned many times in the service which can be rendered through the work here as it reaches out into the lives of the people of Texas who are touched through the students from the college."

O. L. COLEMAN HONORED

Mrs. O. L. Coleman entertained at bridge Thursday evening honoring her husband, O. L. Coleman, who left this morning for Wisconsin where he will accept a new position. Thanksgiving decorations adorned the rooms where four tables were placed. Refreshments of pumpkin pie with whipped cream, and coffee were served to the following guests: Dr. and Mrs. C. A. Pierle, Mr. and Mrs. F. E. Savage, Mr. and Mrs. L. S. Baker, Mr. and Mrs. Dan K. Usery, Mr. and Mrs. Frank R. Phillips, Mrs. Geraldine Green, D. A. Shirley, Mr. and Mrs. W. C. Ransom, and Mr. Coleman.

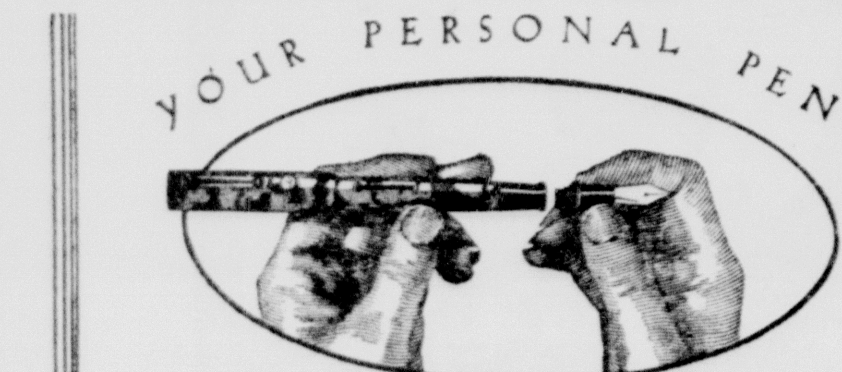

Guests at a dinner honoring Mr. Coleman last evening were Mr. and Mrs. W. H. Upchurch, Mr. and Mrs. Dan K. Usery, Mr. and Mrs. W. C. Ransom, Miss Frances Usery, and R. H. Coleman of Washington D. C.

FRIENDS ENTERTAINED

Mrs. A. L. Walsh and Mrs. R. E. Harter were joint hostesses at a party given for friends Thursday evening at the home of Mrs. Walsh. There were six tables of bridge.

Refreshments were served to Mr. and Mrs. Dewey Foster, Mr. and Mrs. Hud Prichard, Mr. and Mrs. Warren Johnson, Mr. and Mrs. Lee Foster, Mr. and Mrs. Ed Mickel, Mr. and Mrs. Cecil Newberry, Mr. and Mrs. Winfield Miller, Mr. and Mrs. J. B. Sikes, Mr. and Mrs. A. E. Terry, Mr. and Mrs. Mark Foster, and Misses Stella Rusk and Mayme Dunaway.

Help Keep Canyon Clean.

Park System of Texas Made the Study Book Club

The Woman's Book Club of Canyon is making a study of Texas as its project this year. Every program of the year's work was made with the advice of an expert. The year's work began with a brief study of the history and government of Texas with Professor Stuart H. Condon of the West Texas State Teachers College faculty as adviser.

This study, which embraced four lessons, is followed by four lessons on the geology and geography of Texas; Miss Darthula Walker, head of the geography department of the Teachers College assisted in the preparation of these. They will occupy the time until the end of January 1930.

Because all Texas is interested in the development of a park system, a meeting in February will be given to the study of a park program for Texas, and Mrs. Phebe K. Warner, a member of the State Park Board will be the speaker for the occasion.

Miss Anna I. Hibbetts, whose interest in wild life furnished her with a hobby, helped to form the programs dealing with plant and animal life in Texas.

The history of Texas' educational development will then be taken up, the program on this subject having been formed under the direction of Dr. R. P. Jarrett, Dean and head of the Education department of the College.

Texas' literature, both prose and poetry, and Texas music will complete the year's study, with Miss M. Moss Richardson, and Miss Mattie Mae Swisher and Mr. Wallace R. Clark head of the music department of the College as advisers.

The course was worked out at the request of the Woman's Book Club, many members of which are not native Texans, and wished to acquaint themselves with Texas' history and material and intellectual resources. Mrs. H. A. Brown is president of the club, and Mrs. T. B. McCarter is chairman of the program committee for the year.

The year's work, arranged in programs, and with a bibliography is available to other clubs throughout the state. It may be had thru the Bureau of Public Service of the College, from which place detailed information about it may be secured.

Members of the Woman's Book Club say that the only fault of the course is that they become so interested in each section that they wish to spend more time in it than is provided for. The course could easily be expanded to cover two or more years, according to the club women who are studying it.

The Woman's Book Club was established twenty-three years ago, and is one of the early study clubs of the Panhandle.

Lakeside News

Pat Edward Campbell arrived Monday, Nov. 18. He will make his home with Mr. and Mrs. Wilson Campbell.

Mr. and Mrs. Albert Byars and children attended the singing convention in Amarillo Sunday.

Mr. and Mrs. A. J. Ford and children visited in Amarillo Saturday.

Mr. and Mrs. L. T. Campbell and children visited in the home of Mr. and Mrs. L. Foster Sunday evening.

Floyd Stallings is on the sick list this week.

Mrs. Albert Byars and daughters shopped in Canyon Saturday.

METHODIST W. M. S.

At the regular meeting of the Women's Missionary Society of the Methodist Church this week, it was decided to have the all-day mission study program at the church next Tuesday. Each lady is asked to bring a cover dish.

The officers elected at the meeting Tuesday were as follows: President, Mrs. R. McGee; vice president, Mrs. I. C. Jenkins; recording secretary, Mrs. A. H. Hunt; corresponding secretary, Mrs. C. E. Jameson; treasurer, Mrs. Faulkner; superintendent local work, Mrs. Charles Dowling; superintendent of young people's work, Miss Swisher; superintendent of study, Mrs. A. W. Sternberg; superintendent of children's work, Mrs. Rockwell; superintendent of supplies, Mrs. R. E. Foster; superintendent of social service, Mrs. George McGowan; publicity reporter, Mrs. Clyde McElroy; superintendent of Voice programs, Mrs. Ray McReynolds; superintendent of Gibson Auxiliary, Mrs. Wm. Ash; Voice agent, Mrs. A. Cayton.

OVERCOAT STOLEN

The home of President J. A. Hill was entered Monday night and Mr. Hill's overcoat stolen. This is the only thing missing from the home, although other clothing was convenient for the thief.

BLEEDING GUMS HEALED

The sight of sore gums is sickening. Reliable dentists often report the successful use of Leto's Pyorrhea Remedy on their very worst cases. If you will get a bottle and use as directed druggists will return money if it fails. Jarrett Drug Co.

FAMILY REUNION

O. V. Mayben and family spent the week end in Lubbock visiting Mrs. Mayben's father, J. A. Syfrett, who celebrated his 80th birthday at the home of her brother, A. F. Syfrett.

Mr. Syfrett is an old settler on the Plains, having moved to Hale county in 1895. He first hauled his supplies from Amarillo and then Canyon. He is in excellent health.

FIRST CHURCH OF CHRIST SCIENTIST

Services every Sunday at 11 and Wednesday at 7:30 when testimonies, remarks and experiences on Christian Science are given. Sunday school meets at 9:45. All under twenty years of age are invited to attend these classes. Subject for Sunday, "Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced." Thanksgiving services Thursday at 11 a. m.

MRS. HARTER ENTERTAINS

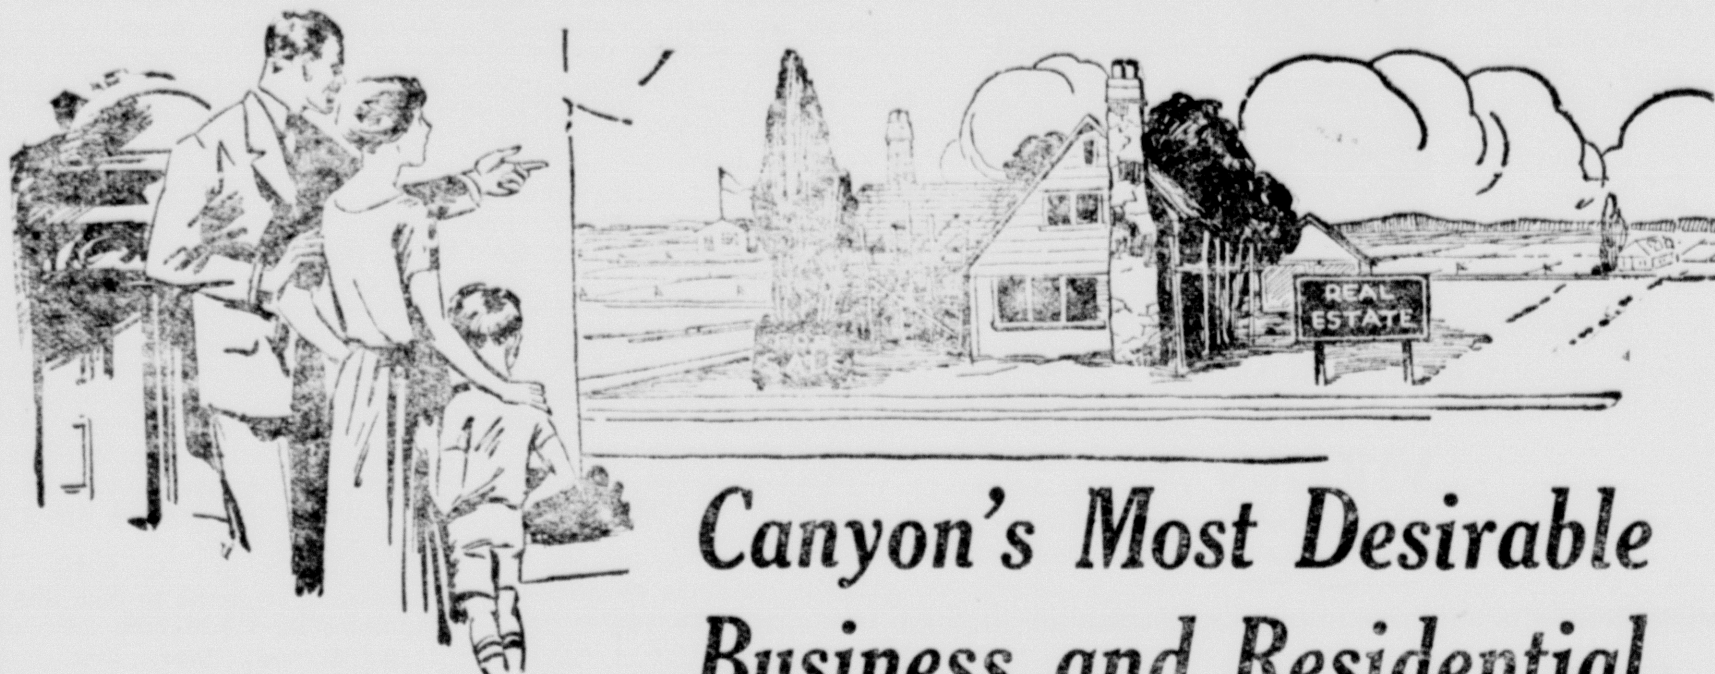

Mrs. R. E. Harter entertained the 1929 Bridge Club at the home of Mrs. A. L. Walsh Wednesday afternoon. There were six tables of bridge. Refreshments of meat loaf, cranberry relish, potato salad, olives, fruit cake, whipped cream and sandwiches, were served.

We'd rather be President than write.—Hubbard (Ore.) Enterprise.

AT LAST!

Canyon's Most Desirable Business and Residential Property will be on The Market Soon

The years of effort of the Chamber of Commerce and other civic organizations have at last borne fruit! The ideally located tract west of the Canyon-Amarillo paved highway, between First Avenue on the north and Third on the south, is to be subdivided and developed into Canyon's finest residential and college business area. It will be known as—

Gilvin and Brymer's

College Park Addition

Streets are to be graded immediately. These will connect up the college with the home area just west of the subdivision. Paving should quickly follow. The stockyards are to be removed to a new location right away! Reasonable building restrictions will protect the lot purchasers; and gas, water, electricity, telephones, sewerage lines and paving will be available for home and business structures quickly, because of the close in, surrounded location of College Park Addition.

WATCH FOR BIG SALE ANNOUNCEMENT

Sale of lots in College Park Addition will be made in full co-operation with Canyon's real estate dealers. Plats of the subdivision with prices of lots will be furnished to these men who desire them, and purchases may be arranged subject to approval by the undersigned developers.

Prices and terms of lots will be so attractive that there is a remarkable opportunity for

profits whether locations are improved at this time or not. Watch for the plats, and further announcements.

This is the biggest project that has been announced for Canyon's civic development in years; and it has the full endorsement of the Chamber of Commerce, and all other organizations and individuals familiar with what this will mean to the city, and lot purchasers.

Friday evening Mr. and Mrs. Farlow entertained another group of friends. There were seven tables of bridge.

STIMULATES EGG TRADE

Warsaw, Poland.—Because she is responsible for starting the fad of egg-eating among the young women of Poland, poultry farmers of the whole nation of Poland contributed to the cost of an egg of solid gold which was given to Miss Anastasia Zablocka. Miss Zablocka is regarded as the most beautiful woman in Poland and her statement that she attributed her beauty to an exclusive diet of eggs started all the girls who want to be beautiful to eating eggs, greatly stimulating the poultry industry.

LIVE UP TO BIBLE

Los Angeles.—John Quincy Murray, a retired grocer, left his property to his three grandchildren on condition that none of them departed from the teachings of the Bible. Moreover, his grandson must never wear a Charlie Chaplin mustache, the grand daughters may not bob their hair or use lipsticks, and none of them may go to the movies without losing their share. Executors of the Murray estate have decided that the department of the three heirs, who are all grown up, has followed Bible teachings so closely that they are entitled to their inheritances.

Man wants little here below, but he'd like to have enough to keep up with the Joneses.—Philadelphia Inquirer.

The Grand Old Party expects to do its duty, no matter what the duty does to the consumer.—Weston Leader.

Senator Sheppard wants to punish the buyer of bootleg as well as the seller. As tho the buyer were not punished now.—Florence (Ala.) Herald.

Fairview Breezes

Mr. and Mrs. J. W. Wesley, Othell Wesley, Pete Sutton and Annie Washburn went to Canyon Monday night to attend the play given by the Canyon high school.

Miss Marie Hancock left Friday morning for a few days visit with friends in San Angelo. Miss Ruby Zachery is teaching the primary room during the absence of Miss Hancock.

Ulric Legate and Douglas Mitchell of Detroit, Texas, are visiting friends and relatives in this community.

J. W. Byrd is now visiting with his parents who live in the southern part of the state.

The primary room of the Fairview school is preparing a Thanksgiving program to be rendered Wednesday afternoon.

The school will be dismissed Thursday and Friday for Thanksgiving.

Alice Rogers who is attending school in Happy visited her parents the past week end.

The young people of the community enjoyed a party Saturday night at the home of Mr. and Mrs. A. E. Wesley.

Ted Washburn of Merkel visited the past week end with Mrs. Belle Washburn and family.

Chester Dunlap and Shorty Eubanks of Canyon visited Sunday with Mrs. Belle Washburn and family.

Miss Iva Holly spent Saturday night in Canyon.

Iva Lee James spent Sunday with

her grandmother, Mrs. Helms, at Wayside.

Othell Wesley spent Saturday night with Mrs. C. L. Wesley.

Mr. and Mrs. R. F. Washburn and children visited Saturday night with Mrs. Bell Washburn and family.

Charlie Castleberry, Argel Brawner, H. H. Sutton and Ted Washburn were guests in the H. E. Wesley home Sunday.

Guests in the J. W. Wesley home Sunday were Opal, Martha, Erma Mae and Pete Sutton, Ulric Legate and Douglas Mitchell.

Jowell News

There was good attendance at Sunday school and church Sunday. Brother Johnson preached to us Sunday morning and Sunday evening.

There will be a program and box supper at the Jowell school Wednesday, Nov. 27. Everyone is invited to attend.

The school children are looking forward to the Thanksgiving holidays.

Mr. and Mrs. Glenn visited Mr. and Mrs. J. J. Leavitt Sunday.

Mr. and Mrs. Curtis Robertson visited at the Milton Dooley home Sunday.

Miss Helen Burtz spent Friday night with Mr. and Mrs. Earl Burtz.

What makes the average oldster so mad is that the impertinence of youth is frequently so darn pertinent.—Philadelphia Inquirer.

HI-Y TO ORGANIZE

The juniors, sophomores, and freshmen of Canyon high school were called together by a delegate from Amarillo, who spoke to them about organizing a Hi-Y Club in Canyon. The Hi-Y is the high school division of the Y. M. C. A. and has progressed very nicely for other high schools in aiding the school in general. Another meeting will be held next Monday to organize the Canyon chapter.

A convention will be held in December at Amarillo to aid boys in selecting their vocations.

HAS OPERATION

Miss Olive Schramm had an operation at an Amarillo hospital Friday. She was able to return home Sunday but will be confined to her home for several days.

Help Keep Canyon Clean.

The Folks At Home

will appreciate your remembering them at Thanksgiving time with a Thanksgiving greeting.

See our cards to the homefolks, sweet-hearts and friends.

Mr. and Mrs. Vincent Shuman and Mr. and Mrs. A. J. Newberry of Happy visited in Amarillo Sunday.

Mr. and Mrs. Jeff McElroy of Happy were in Canyon visiting and attending to business Monday.

Miss Mabel Gass of Hereford visited with Mr. and Mrs. N. E. McIntire Sunday.

MOTHER SERIOUSLY ILL. Mrs. R. E. Anderson of this city and Mrs. M. L. Steele of Hereford were called to the bedside of their mother, Mrs. J. J. Hines at Bridgeport Friday. They left Friday night and returned Monday. When they left their mother was some better, but the doctors hold no hopes for her recovery.

MRS FARLOW ENTERTAINS. Mrs. Farlow was hostess to a group of friends Thursday afternoon. The rooms were decorated in Japanese design and bridge was played at six tables.

Friday evening Mr. and Mrs. Farlow entertained another group of friends. There were seven tables of bridge.

STIMULATES EGG TRADE. Warsaw, Poland.—Because she is responsible for starting the fad of egg-eating among the young women of Poland, poultry farmers of the whole nation of Poland contributed to the cost of an egg of solid gold which was given to Miss Anastasia Zablocka. Miss Zablocka is regarded as the most beautiful woman in Poland and her statement that she attributed her beauty to an exclusive diet of eggs started all the girls who want to be beautiful to eating eggs, greatly stimulating the poultry industry.

LIVE UP TO BIBLE. Los Angeles.—John Quincy Murray, a retired grocer, left his property to his three grandchildren on condition that none of them departed from the teachings of the Bible. Moreover, his grandson must never wear a Charlie Chaplin mustache, the grand daughters may not bob their hair or use lipstick, and none of them may go to the movies without losing their share. Executors of the Murray estate have decided that the department of the three heirs, who are all grown up, has followed Bible teachings so closely that they are entitled to their inheritances.

Man wants little here below, but he'd like to have enough to keep up with the Joneses.—Philadelphia Inquirer.

The Grand Old Party expects to do its duty, no matter what the duty does to the consumer.—Weston Leader.

Senator Sheppard wants to punish the buyer of bootleg as well as the seller. As the buyer were not punished now.—Florence (Ala.) Herald.

Fairview Breezes

Mr. and Mrs. J. W. Wesley, Othell Wesley, Pete Sutton and Annie Washburn went to Canyon Monday night to attend the play given by the Canyon high school.

Miss Marie Hancock left Friday morning for a few days visit with friends in San Angelo. Miss Ruby Zachery is teaching the primary room during the absence of Miss Hancock.

Ulric Legate and Douglas Mitchell of Detroit, Texas, are visiting friends and relatives in this community.

J. W. Byrd is now visiting with his parents who live in the southern part of the state.

The primary room of the Fairview school is preparing a Thanksgiving program to be rendered Wednesday afternoon.

The school will be dismissed Thursday and Friday for Thanksgiving.

Alice Rogers who is attending school in Happy visited her parents the past week end.

The young people of the community enjoyed a party Saturday night at the home of Mr. and Mrs. A. E. Wesley.

Ted Washburn of Merkel visited the past week end with Mrs. Belle Washburn and family.

Chester Dunlap and Shorty Eubanks of Canyon visited Sunday with Mrs. Belle Washburn and family.

Miss Iva Holly spent Saturday night in Canyon.

Iva Lee James spent Sunday with

her grandmother, Mrs. Helms, at Wayside.

Othell Wesley spent Saturday night with Mrs. C. L. Wesley. Mr. and Mrs. R. F. Washburn and children visited Saturday night with Mrs. Bell Washburn and family.

Charlie Castleberry, Argel Brawner, H. H. Sutton and Ted Washburn were guests in the H. E. Wesley home Sunday.

Guests in the J. W. Wesley home Sunday were Opal, Martha, Erma Mae and Pete Sutton, Ulric Legate and Douglas Mitchell.

Jowell News

There was good attendance at Sunday school and church Sunday. Brother Johnson preached to us Sunday morning and Sunday evening.

There will be a program and box supper at the Jowell school Wednesday, Nov. 27. Everyone is invited to attend.

The school children are looking forward to the Thanksgiving holidays.

Mr. and Mrs. Glenn visited Mr. and Mrs. J. J. Leavitt Sunday.

Mr. and Mrs. Curtis Robertson visited at the Milton Dooley home Sunday.

Miss Helen Burtz spent Friday night with Mr. and Mrs. Earl Burtz.

What makes the average older so mad is that the impertinence of youth is frequently so darn pertinent.—Philadelphia Inquirer.

HI-Y TO ORGANIZE

The juniors, sophomores, and freshmen of Canyon high school were called together by a delegate from Amarillo, who spoke to them about organizing a Hi-Y Club in Canyon. The Hi-Y is the high school division of the Y. M. C. A. and has progressed very nicely for other high schools in aiding the school in general. Another meeting will be held next Monday to organize the Canyon chapter.

A convention will be held in December at Amarillo to aid boys in selecting their vocations.

HAS OPERATION

Miss Olive Schramm had an operation at an Amarillo hospital Friday. She was able to return home Sunday but will be confined to her home for several days.

Help Keep Canyon Clean.

The Folks At Home

will appreciate your remembering them at Thanksgiving time with a Thanksgiving greeting.

See our cards to the homefolks, sweet-hearts and friends.

Living Gifts that go on living

Once in the blue moon of Christmas a gift of gifts is placed under the big tree in your home.

That Christmas is remembered forever after as the Christmas when Father or Brother, or Bob or Jim got his Elgin.

For a fine watch like the Elgin is really a living gift that goes on living. Year after year it ticks confidently away, marking the passage of time with almost uncanny accuracy, until it no longer is just a watch, but a faithful friend.

Let us show you our Elgin Wrist Watches.

VOLUME NO. 4

CANYON, TEXAS, NOVEMBER 28, 1929.

NUMBER 10

"Stop Thief" Plays To Capacity House On Monday Night

"Stop Thief" the three act play which was given last Monday night at the high school auditorium by the High School Talkie Club, was greatly enjoyed by the townspeople and students. The funds from this play will go to benefit the high school library; therefore the students and faculty thank the town people for their help. This play was a grand success, as Eric Allison, the Canyon Sherlock Holmes, unwound the theft mystery, finding money, bonds, jewels, etc., on every person in the play, even the minister.

The Canyon High School girls are reorganizing the Girl Scouts under the leadership of Miss O. Donnel, teacher of English in the Grade School. The Girl Scouts will meet every Tuesday at 4:10 in room 28 in the high school building. All girls between the ages of ten and eighteen are urged to join.

Girls Start The Basketball Season On Last Friday

The basketball girls played their first match game last Friday afternoon, and although this was a surprise to the girls it turned out to be a real thriller because the seventh grade had a swell team. Both teams fought hard the first quarter, but the high school team came out victorious. At the half, in honor of their winning team, the high school girls, who had formed a pep squad gave a stunt. Littleton led this stunt, although Lucille Davault had been proclaimed pep leader. Katy B. Lowe and Mary Orton did some outstanding playing in this game, and they are both destined to become star players. Since that was the first game the girls have played this year it was very sensational and although the high school girls did win the grammar school team is good and may soon be able to win back what they lost Friday.

Strain Entertains Spanish Club With Interesting Program

At the regular meeting of the "Circulo Castellano," each member enjoyed a program given by Miss Strain, several members of the Spanish class, and three small Mexican girls. Every club member always looks forward to the meetings, as each time there is a worthwhile program given. The following is the entertainment given:

Cantados—Hijas Mexicanas.
Seville—Helen Cox.
Nina de Suenos—Four Americanos.
The Barber of Seville — Iola Smith.
Musica—Miss Strain.
La Paloma—Miss Strain.

Home Ec. Girls Enjoy Trip to Market

Tuesday afternoon at three o'clock the girls of the second year cooking class, accompanied by their teacher, Miss McCarty, made a trip to the meat markets of the town. The proprietors of the markets welcomed the girls and explained to them the different cuts of meat which the girls have studied in their course. The girls took notes on the information given by the butchers. They found this sort of a trip very interesting as well as educational.

The main idea in buying is not to spend money, but to see that you get something.

School Band Plays In Chapel Thursday

Thursday morning the chapel program was greatly enjoyed, as it always is. At the opening of the program announcements were made.

The program was then turned over to Miss Strain, director of the High School Band. Several very enjoyable numbers were furnished by the band. The band is progressing wonderfully this year. The male quartet, which is composed of Carl Bond, Broughton Hardin, Ralph Higdon, and Reece Hough, sang two songs. The school is certainly proud of the band and quartet. Miss Strain has helped them to accomplish a great deal. It is hoped that the student body will have the privilege of enjoying both the band and quartet again soon.

Next week at the chapel program "Uncle Tommie" Clark will be present and have a part in the program. Due to illness, he was unable to attend the program this week. Everyone should be there next Thursday to enjoy the program.

BIOLOGY POSTERS

The biology students this week have made posters which show the four methods of seed dispersal, mechanical, wind, animal, and water. This work was very interesting because it has been done in class, and the students had arguments as to which group certain seeds belonged. The boys naturally surpass the girls in work of this type because most of them are very artistic, especially Johnny Pool and Earl Cross. These posters have been placed on the blackboards in the science room and all of the students think they are real masterpieces. Biology is a very interesting subject or else it has been so far, and it probably will become more interesting later on in the year.

After a careful survey of contemporary husbands, we feel that a woman who shoots her husband can not very well plead insanity.—San Diego Union.

One thing you'll have to give them credit for is that in Walling Wall Street they don't call it a holy war.—Philadelphia Inquirer.

Four Days are Given For Thanksgiving In High School

The students and teachers of Canyon High School are elated over the fact that this week is the Thanksgiving holidays—four whole days to be your own boss, and to be free from the cares of school. When school closes Wednesday afternoon all thought of lessons will be dismissed until the following Monday morning. Some of the teachers will spend the holidays attending the State Teachers Association which meets in Dallas. However the time may be spent, the Eagle's Tale wishes for both teacher and pupil a happy and creative Thanksgiving.

WHAT DOES THANKSGIVING MEAN TO YOU?

Just for a few minutes in our busy life let us think of the real meaning of Thanksgiving. It isn't just a time to visit, to go to big football games, or even eat the big fat turkey. But it is a time when we should stop and consider the many things that we have that we should be thankful for.

We have, for more than one hundred and fifty years, been mak-

ing a certain ceremony out of Thanksgiving. Our national observance of the day began on a bleak day when the Pilgrim Fathers knelt upon the snowy ground of New England and gave thanks to God for having spared their lives. God since that day has hardly heard such sincere prayers of gratitude.

Thanksgiving Day is a national holiday, but beyond that what does it mean to you? Think it over and consider the things that you are truly thankful for.

EXPRESSION DEPARTMENT PUTS ON PROGRAM

Miss Weter, head of the expression department, had charge of the church service at the Presbyterian church Sunday night. A large audience enjoyed the readings, musical readings, and play that she gave. Miss Weter was assisted by Mrs. Fry who played a beautiful piano solo. A number of high school students were present, and they hope Miss Weter and Mrs. Fry will give such a program at the high school soon.

We read in a big daily that the Japanese want the submarine retained "as an instrument of naval warfare." We wonder why, when they can still commit hari kari—Weston Leader.

REAL ESTATE

HOME...your best INVESTMENT. Modernize now..

It's more than a good real estate investment... your home! If you keep it up... modernize it when necessary... it's protection, independence, happy pride for mother and wife, as well as community standing for the entire family.

Stop now and think of the ways in which your home could be made to serve you better. Perhaps a new, snug, colorful roof right over the old one... oak floors... an attic room for the children or storage... that extra room you need... or the outside renewed with a new coat of paint.

Money spent thus is truly invested. You enhance the value of your property an equal or greater sum... and have the added satisfaction.

Talk over your remodeling needs with us. Get the benefit of our experience. Then, if you go ahead, we'll supply you with the needed materials to match the best in your old home.

Canyon, Happy, Slaton, Perryton, Dalhart

The sweetness of low price NEVER equals the bitterness of poor quality.

A clear skin is irresistible!

You can feel the rejuvenating effect S.S.S. brings the body by the increase of red blood cells

A clear, smooth, lovely skin enhances personal attractiveness. Men admire it. Women praise and secretly envy. More happiness and friends may depend upon it.

YOUR popularity may depend upon a clear, smooth, lovely skin. It is the accepted way of telling the degree of health a person possesses. Naturally a skin which bespeaks health attracts.

Skilled physicians recognize the appearance of skin blemishes, lack of appetite, flabby flesh and loss of energy as an indication that the body's power of resistance is low—that there is a deficiency of red-blood-cells.

The way to the skin is through the blood. Strong, healthy blood

nourishes the body and promotes smooth, clear skin.

Many thousands have regained their strength and charm by taking S.S.S. It is Nature's own blood tonic for raising the body's power of resistance to infection and disease, improving the appetite, building firm flesh and clearing the skin.

S.S.S. promotes healthy body building. It increases the number of red-blood-cells. It is made from strictly fresh vegetable drugs and has a successful record of over 100 years back of it.

S.S.S.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

At the regular meeting of the "Circulo Castellano," each member enjoyed a program given by Miss Strain, several members of the Spanish class, and three small Mexican girls. Every club member always looks forward to the meetings, as each time there is a worthwhile program given. The following is the entertainment given: Cantados—Hijas Melicanas, Seville—Helen Cox, Nina de Suenos—Four Americans, The Barber of Seville — Iola Smith, Musica—Miss Strain, La Paloma—Miss Strain.

Home Ec. Girls Enjoy Trip to Market

Tuesday afternoon at three o'clock the girls of the second year cooking class, accompanied by their teacher, Miss McCarty, made a trip to the meat markets of the town. The proprietors of the markets welcomed the girls and explained to them the different cuts of meat which the girls have studied in their course. The girls took notes on the information given by the butchers. They found this sort of a trip very interesting as well as educational.

The main idea in buying is not to spend money, but to see that you get something.

Enlargement Honor Roll in Citizenship Very Outstanding

Great improvements and ready response are indicated by the long list of names that are on the honor roll in citizenship. The following students made "A" in citizenship this term.

Laurene Alvord, Eric Allison, Clark Ash, Hettie Lou Bagley, Margaret Benge, Mildred Bessire, Mabel Bishop, Maybeth Bishop, Maudine Bishop, Bessie Blanton, Ethel Brasel, Shirley Breittling, Ruth Burtz, Colley Burrus, Veda Burrus, Jean Campbell, Vera Mae Carter, Dorothy Cash, Bruce Cleland, Helen Cox, Ruth Cox, Esther Downing, Clarence Dubs, Robert Estes, Dixie Foster, Amogene Fowler, Margaret Gamble, Sybil Gidden, Freda Gill, Thelma Glover, Oliver Grabble, John Guthrie, Broughton Hardin, J. L. Hardin, Oressa Hastings, Cleo Heath, Helen Heath, Irene Hicks, Agnes Hicks, Irene Hurst, Virginia Jarrett, Annie Johnson, Nan Johnson, Wayne Johnson, Luther Jones, Martha Ann Keirsey, Margaret Keirsey, R. C. Keirsey, Zelia Keithly, Horace Lair, Mabel Leavitt, Vincent Lockhart, Weldon Lomax, Katy B. Lowe, Richard Lynch, Imogene Machen, Pauline Mayben, Maxine Middleton, Mildred Middleton, Mae Miller, Grace Norman, Mildred O'Donald, Truitt O'Donald, Mary Orton, Aileen Parsons, Alvin Padgett, Jessie Plaster, Johnny Plaster, Frances L. Reeves, Billie Robinson, Author Robinson, Helen Reeves, Kathryn Robinson, Dorothy Faye Rusk, Evelyn Rowell, Ford Sammons, Viola Shackelford, Ray Small, Iola Smith, Ruth Smith, Louise Solomon.

L. Stone.

School Band Plays In Chapel Thursday

Thursday morning the chapel program was greatly enjoyed, as it always is. At the opening of the program announcements were made.

The program was then turned over to Miss Strain, director of the High School Band. Several very enjoyable numbers were furnished by the band. The band is progressing wonderfully this year. The male quartet, which is composed of Carl Bond, Broughton Hardin, Ralph Higdon, and Reece Hough, sang two songs. The school is certainly proud of the band and quartet. Miss Strain has helped them to accomplish a great deal. It is hoped that the student body will have the privilege of enjoying both the band and quartet again soon. Next week at the chapel program "Uncle Tommie" Clark will be present and have a part in the program. Due to illness, he was unable to attend the program this week. Everyone should be there next Thursday to enjoy the program.

BIOLOGY POSTERS

The biology students this week have made posters which show the four methods of seed dispersal, mechanical, wind, animal, and water. This work was very interesting because it has been done in class, and the students had arguments as to which group certain seeds belonged. The boys naturally surpass the girls in work of this type because most of them are very artistic, especially Johnny Pool and Earl Cross. These posters have been placed on the blackboards in the science room and all of the students think they are real masterpieces. Biology is a very interesting subject or else it has been so far, and it probably will become more interesting later on in the year.

After a careful survey of contemporary husbands, we feel that a woman who shoots her husband can not very well plead insanity.—San Diego Union.

One thing you'll have to give them credit for is that in Walling Wall Street they don't call it a holy war.—Philadelphia Inquirer.

Four Days are Given For Thanksgiving In High School

The students and teachers of Canyon High School are elated over the fact that this week is the Thanksgiving holidays—four whole days to be your own boss, and to be free from the cares of school. When school closes Wednesday afternoon all thought of lessons will be dismissed until the following Monday morning. Some of the teachers will spend the holidays attending the State Teachers Association which meets in Dallas. However the time may be spent, the Eagle's Tale wishes for both teacher and pupil a happy and recreative Thanksgiving.

WHAT DOES THANKSGIVING MEAN TO YOU?

Just for a few minutes in our busy life let us think of the real meaning of Thanksgiving. It isn't just a time to visit, to go to big football games, or even eat the big fat turkey. But it is a time when we should stop and consider the many things that we have that we should be thankful for.

We have, for more than one hundred and fifty years, been mak-

ing a certain ceremony out of Thanksgiving. Our national observance of the day began on a bleak day when the Pilgrim Fathers knelt upon the snowy ground of New England and gave thanks to God for having spared their lives. God since that day has hardly heard such sincere prayers of gratitude.

Thanksgiving Day is a national holiday, but beyond that what does it mean to you? Think it over and consider the things that you are truly thankful for.

EXPRESSION DEPARTMENT PUTS ON PROGRAM

Miss Weter, head of the expression department, had charge of the church service at the Presbyterian church Sunday night. A large audience enjoyed the readings, musical readings, and play that she gave. Miss Weter was assisted by Mrs. Fry who played a beautiful piano solo. A number of high school students were present, and they hope Miss Weter and Mrs. Fry will give such a program at the high school soon.

We read in a big daily that the Japanese want the submarine retained "as an instrument of naval warfare." We wonder why, when they can still commit hari kari.—Weston Leader.

REAL ESTATE

HOME...your best INVESTMENT. Modernize now..

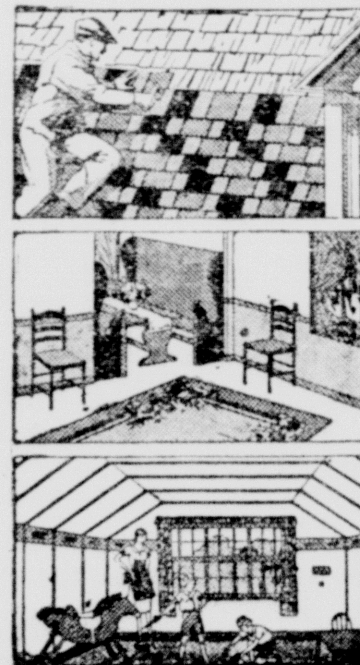

It's more than a good real estate investment... your home! If you keep it up... modernize it when necessary...

...it's protection, independence, happy pride for mother and wife, as well as community standing for the entire family.

Stop now and think of the ways in which your home could be made to serve you better. Perhaps a new, snug, colorful roof right over the old one... oak floors... an attic room for the children or storage... that extra room you need... or the outside renewed with a new coat of paint.

Money spent thus is truly invested. You enhance the value of your property an equal or greater sum... and have the added satisfaction.

Talk over your remodeling needs with us. Get the benefit of our experience. Then, if you go ahead, we'll supply you with the needed materials to match the best in your old home.

Canyon, Happy, Slaton, Perryton, Dalhart

The sweetness of low price NEVER equals the bitterness of poor quality.

A clear skin is irresistible!

You can feel the rejuvenating effect S.S.S. brings the body by the increase of red blood cells

A clear, smooth, lovely skin enhances personal attractiveness. Men admire it. Women praise and secretly envy. More happiness and friends may depend upon it.

YOUR popularity may depend upon a clear, smooth, lovely skin. It is the accepted way of telling the degree of health a person possesses. Naturally a skin which bespeaks health attracts.

Skilled physicians recognize the appearance of skin blemishes, lack of appetite, flabby flesh and loss of energy as an indication that the body's power of resistance is low—that there is a deficiency of red-blood-cells.

The way to the skin is through the blood. Strong, healthy blood nourishes the body and promotes smooth, clear skin.

Many thousands have regained their strength and charm by taking S.S.S. It is Nature's own blood tonic for raising the body's power of resistance to infection and disease, improving the appetite, building firm flesh and clearing the skin.

S.S.S. promotes healthy body building. It increases the number of red-blood-cells. It is made from strictly fresh vegetable drugs and has a successful record of over 100 years back of it.

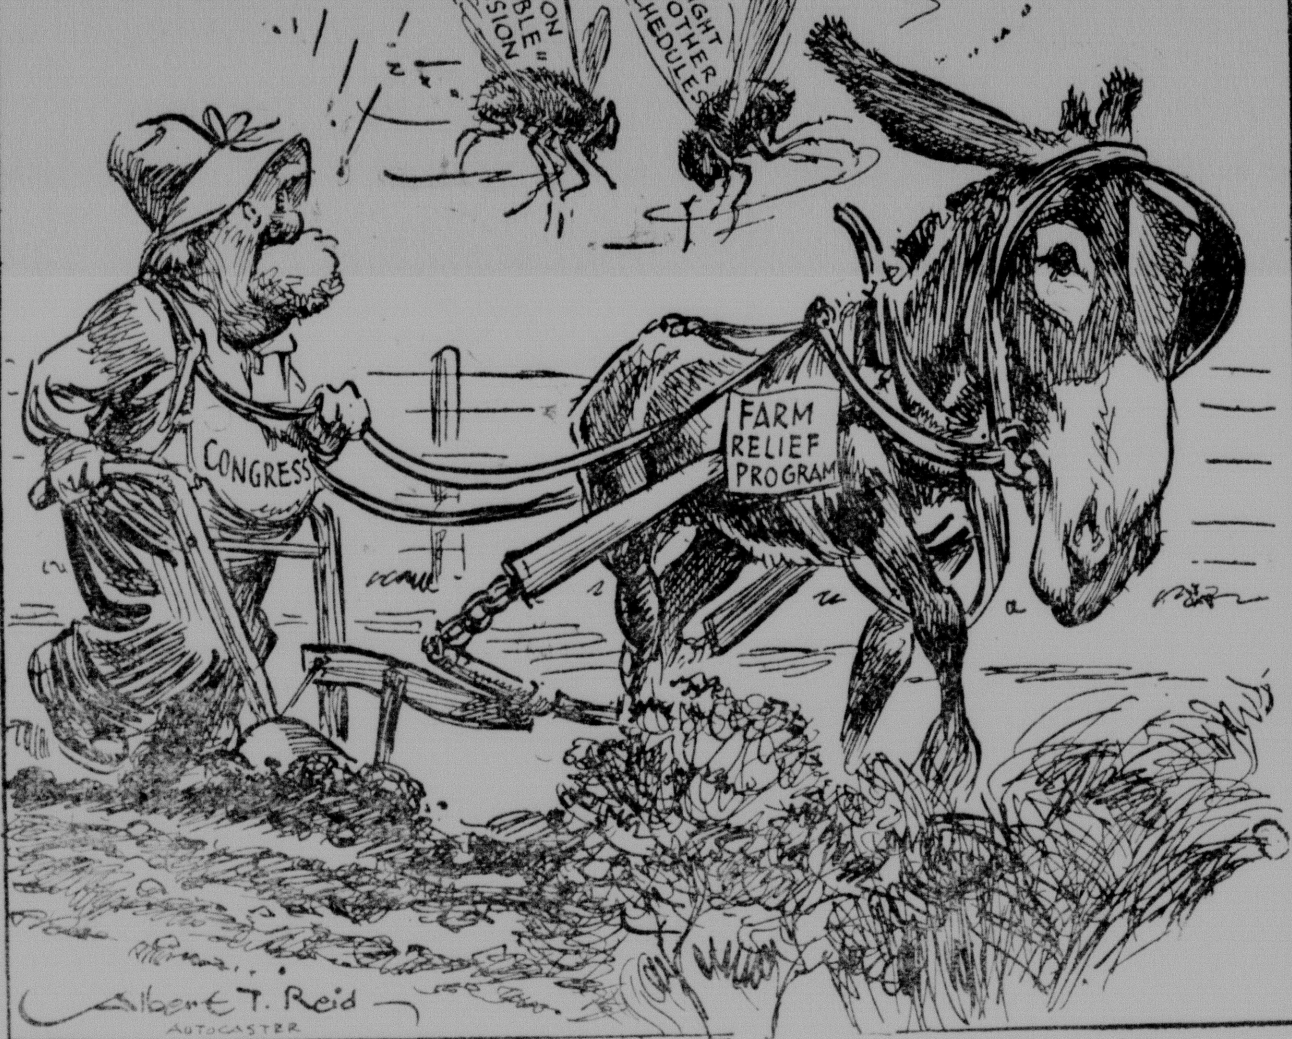

S.S.S. All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical. © S.S.S. Co.

THEM DANG HOSS-FLYS
JUS' DONT MEAN
NUTHIN' BUT TROUBLE

Zita Breezes

All the mothers of the school children enjoyed a program given Friday evening. After the evening was enjoyed by various things, cocoa, cookies and sandwiches were served.

Mr. and Mrs. Carl Hales and

Mrs. Lucy Slay visited at the H. B. Hales home Sunday.

The two Rev. Jameson's and Rev. Thompson from Canyon visited in the Zita community Sunday evening.

Miss Katherine Rockwell and Forrest Gruner visited at the C. C. Stewart home Thursday evening.

Sunny Hill News

Mr. and Mrs. J. B. Knox were visitors in Canyon Saturday.

Mrs. D. A. Castleberry, her daughter and sons, Lillian, Dee and David, also Everett and Bertie Bell Culp were dinner guests in the J. B. Knox home Sunday.

Robert and Jim Goodnight were visitors in Dimmitt Sunday.

Mrs. J. M. McCaslin, who has been sick the past two weeks, is recovering.

Miss Lillian Castleberry sustained a badly sprained wrist Saturday night.

There were thirty six present at the school house Sunday afternoon. The organization of the Community Sunday School was completed, the following officers and teachers being elected: J. T. Sykes, superintendent; Mrs. Rex Roby, secretary; Mrs. P. D. Sherwood, treasurer; Rex Roby, adult teacher; Mrs. Dan Yates, intermediate teacher; and Mrs. P. D. Sherwood, primary teacher.

Mrs. J. T. Sykes and daughter, Bertha, and Mrs. Clarence G. Stallings were shopping in Amarillo and Canyon Saturday afternoon.

A light snow fell here Friday and Saturday.

Mr. and Mrs. H. F. Ratjen were both sick in bed Sunday. We hope they will recover soon.

Mrs. Edna McCaslin left Friday night for Paris, Texas, where she will spend the Christmas holidays.

A. E. Wise, who has been ill for the past week, is back in school.

Farming Pays in Randall County.

Umbarger Items

Henry Skypala and Ernest Hollenstein went to Amarillo Friday on business.

Mr. and Mrs. O. J. Podzemny and family visited Mr. and Mrs. Hollenstein Sunday.

Mr. and Mrs. Clarence Beckman and family visited Mr. and Mrs. Hollenstein Sunday.

Miss Tegeler was called to Amarillo on account of the death of her grandmother, Mrs. Gerken, which occurred Saturday night.

Mr. and Mrs. John Bedenk visited Mr. and Mrs. E. J. Evers Sunday.

Joe Friemel went to Amarillo on a business trip Monday.

Mrs. J. H. Irwin returned Monday morning from Byers, Texas, where she has been visiting with relatives.

Judge Fronabarger visited the Umbarger school last Friday.

Mr. and Mrs. Joe Beckman visited in Canyon Saturday.

Mrs. O. J. Podzemny visited in Canyon last Thursday.

Mr. and Mrs. George Frank visited in Amarillo Sunday.

CRIME DOCTORS NEEDED

Crime, according to foremost scientific opinion, is a disease, and must be treated as such.

In the past, crime legislation has failed to take this into account. We have had an abundance of laws, but no determined effort to correct evils—emotional, mental and social—that have caused crime to increase.

Zealous reformers have made strong efforts to pass a national law forbidding the sale and possession of revolvers and pistols. While such efforts have failed, many state laws are in force that make it virtually impossible for an honest citizen to own a gun for protection or amusement.

The utility of such laws is evident. The pistol may be an instrument of crime, as may knives, shotguns or the mails. But it is never a cause. To legislate against it is equivalent to legislating against the automobile because reckless driving causes deaths.

We need crime doctors to correct our judicial system, reorganize our laws, and strike at crime in the manner dictated by science. Too many laws have reacted to the disadvantage of the good citizen and to the benefit of the criminal. Organized, fanatical minorities have made crime legislation impotent.

THE GOOD ROADS MOVEMENT CONTINUES

The greatest field for future progress in highway building lies in the improvement and construction of market and secondary roads.

At present there is a decided trend toward expansion of low cost road construction in rural districts as a "farm relief" measure. Good roads have become necessary to the farmer in his commercial and social life. The cow trails and mud holes that once characterized rural roads are disappearing, and serviceable, but inexpensive, paved highways are taking their place.

There is no end to the good roads movement. Thousands of miles of pavement have been constructed in the last few years, and the demand steadily increases. It is now generally realized that a highway is not an expense, but an investment which pays for itself many times over.

"Women's styles travel in cycles." Fashion note. Buy-cycles, of course.—Virginian-Pilot.

Wayside Items

Suppose there is one thing we all agree upon, winter has come early. Ice and snow in plenty, however, we have had no heavy snow, all light so far. Boys are enjoying skating parties.

Sunday School led by our new superintendent, D. L. Adams, Sunday. Very good attendance considering the cold weather.

A Thanksgiving Drill by eight little boys and girls of the Junior B. Y. P. U. Sunday night was very fine. Each carried out their part well. Thanks are due Mrs. Anna Laycock for this excellent entertainment. Senior B. Y. P. U. are doing a good work under the leadership of Miss Cope and the captains, Mrs. Bertha Payne and Miss Marcella Spann.

Our new pastor, Rev. T. R. Plant, filled his first appointment Sunday morning and again at night, giving us excellent sermons. His wife and little son now at Snyder will join him soon. The past year he served Hawley charge in Jones county. Our former pastor, Bro. J. P. Cole, goes to Acme, Texas.

B. F. Wilhelm and wife made a short stop at Wayside last Wednesday on their way to Vigo Park on church business.

Mrs. C. F. Watson, who has been in Amarillo for some weeks under treatment, has returned home. Some improvement is noted.

Pie and box supper at school house last Friday night was quite successful, considering the small crowd and cold night. Twenty-five dollars was made.

George Hancock, wife and Jerry of Pampa visited the parental Lane home last week end. They, with W. I. Lane and wife, visited with Wyatt Heisler and wife Sunday.

Irving Lane is at home this week for Thanksgiving.

Mrs. Grace Graham and two children, M. C. Sluder, wife and Emma Lou from Happy, W. R. Franklin and family, Bro. Plant, and Manford Counterman were dinner guests in the Sluder home Sunday.

R. L. Carter and wife who have been in Amarillo some days for benefit of Mr. Carter's health, came home this week end and returned to Amarillo Sunday.

Mrs. Ada Hamblen and sons, Henry and Olaf, made a trip to Quitaque a short while ago.

KNOW TEXAS

Texas ranks second among the states in value of exports and among the 102 countries of the world ranks eighth. New York led in 1928 with \$861,000,000. Texas was second with \$317,000,000 and Michigan was third with \$367,000,000, less than half the total for Texas.

Texas' investment in 1,330,000 automobiles is estimated at \$1,230,000,000, about one-tenth of the state's wealth of \$12,500,000,000.

Growth of the Texas dairy industry is indicated by the fact that Texas milk plants have a daily capacity of 800,000 pounds of milk, exclusive of 250,000 additional pounds capacity in cheese making plants.

"DEAD" SNAKE IS ALIVE

Colorado Springs, Col.—A "dead" boa constrictor in a taxidermy shop caused a panic when it came to life as the operators were starting to skin it. The twenty foot snake had been in a private Zoo on Cheyenne Mountain, where the temperature hovered about zero. The constrictor was found frozen stiff, and sent to the taxidermy shop for mounting. The heat of the shop revived the constrictor.

The latest dress material, I read, looks as tho it is covered with tiny flies. It sounds very gnatty.—Passing Show (London.)

Personality in Christmas Cards

DID YOU EVER STOP
TO THINK?By Edson R. Waite
Shawnee, OklahomaW. D. Little, Publisher of the
Ada (Okla.) News, says:That the creative instinct, or the
inward urge to build, is the strong-
est human impulse. The child
builds his toy and wants all his
friends to see it. The business
man is glad to show the home, the
business, the list of customers he
has made by his own efforts. The
mother's greatest pride is in her
offspring, the thing to which she
has given life itself.Every normal person wants to
leave behind, when he passes on,
some monument by which future
generations will judge him. A
great building, a giant business, a
new oil field, an improved farm
or ranch, love in the hearts of
those with whom he comes into
contact. Shakespeare was wrong
when he said that only evil lives
after us. The good that men do
constitute the only worth while
monument.To build—that is the great task
of all of us. Build houses, build
farms, build businesses, build char-
acter, build human lives.The urge to build is what makes
advertising so attractive. A gen-
eration ago it required a lifetime for
a man to build a great business.
With the assistance of newspaper
advertising, one can now build
a business to the same dimensions
within a year or even a shorterHere's Howe
BY E. W. HOWE
"The Sage of Potato Hill"

NO MORE SLAVES.

POLITICIANS.

NO WORK, NO DINNER.

There was a time when slavery
was wide spread and slaves almost
helpless. Now the Emancipation
Proclamation is world-wide in
scope. There are no longer slaves
except those of bad habits. The
creditable and powerful people
known as the Jews were once slaves
to the Babylonians, but were able
to overcome their masters, not by
revolution, but by industry, effi-
ciency, reliability, saving. Such in-
formation as their masters had,
the Jews acquired and improved.
And it was the patient workers
who survived; the rowdy Babylo-
nians disappeared from the face
of the earth, and the Jews are to-
day a notable people.Politics is the finest piece of
sentiment in human affairs, and
advertising is world-wide in
scope.The world has much in store for
the man who has a vision of ser-
vice and is willing to spend money
to let the world know what kind
of service he can render. He can
build truly and quickly.Bible Chair Here
Is Hope of Those
In Charge of WorkTentative plans are being made
for the formation of a Bible Chair
in connection with West Texas
State Teachers College, according
to the reports and talks made by
guests at a luncheon given here
Tuesday in honor of Mrs. Nat G.
Rollins, president of the West Tex-
as Methodist Woman's Council.The purpose of the Bible chair is
to offer religious courses to stu-
dents of the college, who have ex-
pressed their desire to enroll for
such. Calls for teachers who have
done religious work is the need of
such courses in the college.Assurance of assistance to locate
the chair here have been made by
Mrs. Rollins and Mrs. Dawns, ex-
ecutive of the Woman's Council.
President J. A. Hill has also filed
application with Mrs. W. F. Steph-
ens, National President of the Wo-
man's Council and this will be
answered at the convention of the
council at Amarillo next April.Should the chair be placed at
Canyon, Mrs. Rollins declared that
a worker holding a high degree
will be located here to direct the
religious work, which will meet
with state requirements and also
be accepted as credited work.Chairs of this kind have been
lately placed in Texas University
and Texas Tech at Lubbock.

SHE WAS A DOG, ANYWAY

Toronto, Can.—This composition
by a pupil of foreign parentage is
making Board of Education mem-
bers chuckle. "I have a pet dog.
His name is Nell. My dog can do
many tricks. He can stand on his
two last feet and beg for eats. He
is always by my door when I
come home from school. One day
my dog made four pups. One was
a spaniel, one was a bull and two
were hounds. He always stayed
by his pups. He was a good
mother."the worst rogery. Every politician
is too great a friend of humanity
when a candidate, and too great
an enemy when elected. In at-
tempts to carry out promises he
knew in the first place were ridic-
ulous. This is in the very nature
of things, and I know of no rem-
edy, except endeavor to improve
the intelligence of voters. With
voters as they are, there is no
other way for politicians to operate
than as they do.A life is like an automobile; we
own one without knowing much
about the intricate construction
under the hood.Every man who earns a fortune
under rules men have agreed upon,
is entitled to not only respect, but
to distinction.But I am not so certain as to his
heirs, who, early in life, come into
a fortune they have not earned.
In many business institutions there
are young idlers who receive more
pay than other employees who suc-
ceed or fail on merit. Such young
men cause dissensions hurtful to
the business, and I observe that
frequently in the best establish-
ments, the sons of owners are com-
pelled to take pot luck with the
others; to put on overalls, and
fight grease with those in the low-
er ranks, while the best offices are
occupied by workers who have hon-
estly earned the distinction.This should be the rule every-
where and in everything; I do not
know how it is to be brought about
but it is best that everyone be
compelled to earn his way up, or
stay down.I am convinced it would be bet-
ter in human society if this rule
could be adopted.No work, no dinner.
Everyone is better off for earn-
ing his own way; it makes him
fairer, broader, easier to get along
with.Statesmen are trying to steal the
big fortunes for public use, at the
death of their legitimate owners.
It may be a good idea. In one
small town thirty-three rich win-
dows, not one of whom has ever
legitimately earned a penny, were
counted. In some ways it is right;
in more ways it is wrong. Let the
people vote on it.

CHILDREN USE JAIL NOW

Danby, Vt.—The town jail here
has been turned over to the school
children of the village for a club
house. There has been only one
prisoner in the jail for thirty years,
so the town board decided it was
hardly worth keeping up. The
children have done all the work
of fixing up the old jail. Boys re-
moved the bars from the win-
dows, the girls scrubbed the whole
building, and the school authorities
installed cooking apparatus where
the girls cook hot lunches for the
whole school.

LILIES HERALD DEATH

Swansea, Eng.—After Mrs. Alfred
Jeffs, wife of a prominent citizen,
died a few years ago, the white
lilies which she had personally
tended ceased to blossom, although
the stalks continue to grow. A
few days ago they bloomed again
for the first time in years, but the
blossoms were blood red. The
gardener, hastening to the house
to tell Mr. Jeffs of the strange oc-
currence, found that his employ-
er had dropped dead.Well, what became of the stock
that you thought about buying?YEARLINGS ARE
DEFEATED BY
TECH FRESHMENSCORE OF 12 TO 6 MARKS
YEARLING'S HARDEST
FOUGHT BATTLE OF YEAR:
PENICK IS STAR.The West Texas Yearlings were
defeated by the Texas Tech Fresh-
man Saturday afternoon 12 to 6, in
one of the hardest fought battles
that the Yearlings have played for
some time. The game was played
on the Buffalo field during which
time they had to face a cold strong
wind and it looked as if the team
playing with the wind would al-
ways be on the offense.The Yearlings, having won the
toss, took advantage of the stiff
wind and swapped punts with the
visitors to get in scoring positions
and bucked over the first touch-
down with Dubbs carrying the
ball.But when the quarter was over,
the Picadors had the wind and
Moffett wriggled off right end for
a dozen yards and crossed the goal
line. Still using the wind in the
third quarter the visitors again
put over a touchdown with Moffett
carrying the ball this time. When
the locals took the wind in the
fourth quarter they started a goal-
ward procession which stopped
within the twenty yard line zone.
None daunted, they started over
carrying the ball to the three yard
line where they earned a first
down. At this point a fumble was
recovered by the Picadors, and
they still had two plays when the
gun ended the affair.McInnis passed to O'Donald for
the first long complete pass which
ended in a long end run.But the star of the game was
none other than the mighty Leon
Penick. This lad got more tackles,
stopped more plays, broke through
the line, second to none. Penick
will be a regular on the Buffalo
team next year, and fans need not
worry when he is playing, for he
certainly did deal the misery to the
Tech Freshmen.Carter made several pretty end
runs, and he carried the ball thru
the line a few times. Carter is
showing how the half position is
supposed to be played.Keith, the quarterback, is going
to be another star Buffalo next
year. He won the generalship or
leadership during the opening of
training camp, when he began
leading his men down the field for
good gains in practice.

The Picadors took advantage of

their only scoring opportunities
with straight football. But the
Yearlings were offside six straight
times within the five yard line,
thus causing the down to remain
the same each time giving the
Tech bunch just a little gain. Then
the Picadors put over their last
touchdown.Officials: Referee, York, (Den-
ton); Umpire: Jennings of West
Texas; Headlinesman: Anderson of

Canyon TexasDID YOU EVER STOP
TO THINK?By Edson R. Waite
Shawnee, OklahomaW. D. Little, Publisher of the
Ada (Okla.) News, says:That the creative instinct, or the
inward urge to build, is the strong-
est human impulse. The child
builds his toy and wants all his
friends to see it. The business
man is glad to show the home, the
business, the list of customers he
has made by his own efforts. The
mother's greatest pride is in her
offspring, the thing to which she
has given life itself.Every normal person wants to
leave behind, when he passes on,
some monument by which future
generations will judge him. A
great building, a giant business, a
new oil field, an improved farm
or ranch, love in the hearts of
those with whom he comes into
contact. Shakespeare was wrong
when he said that only evil lives
after us. The good that men do
constitute the only worth while
monument.To build—that is the great task
of all of us. Build houses, build
farms, build businesses, build char-
acter, build human lives.The urge to build is what makes
advertising so attractive. A genera-
tion ago it required a lifetime for
a man to build a great business.
With the assistance of newspaper
advertising, one can now build
a business to the same dimensions
within a year or even a shorter

Here's Howe

BY E. W. HOWE
"The Sage of Poketo Hill"NO MORE SLAVES.
POLITICIANS.
NO WORK, NO DINNER.There was a time when slavery
was wide spread and slaves almost
helpless. Now the Emancipation
Proclamation is world-wide in
scope. There are no longer slaves
except those of bad habits. The
creditable and powerful people
known as the Jews were once slaves
to the Babylonians, but were able
to overcome their masters; not by
revolution, but by industry, effi-
ciency, reliability, saving. Such in-
formation as their masters had,
the Jews acquired and improved.
And it was the patient workers
who survived; the rowdy Babylo-
nians disappeared from the face
of the earth, and the Jews are to-
day a notable people.Politics is the finest piece of
sentiment in human affairs, andtime. There is no longer any reason
for a meritorious product not
being a success from the start. Ad-
vertising is the direct route to
greater building power.The world has much in store for
the man who has a vision of ser-
vice and is willing to spend money
to let the world know what kind
of service he can render. He can
build truly and quickly.Bible Chair Here
Is Hope of Those
In Charge of WorkTentative plans are being made
for the formation of a Bible Chair
in connection with West Texas
State Teachers College, according
to the reports and talks made by
guests at a luncheon given here
Tuesday in honor of Mrs. Nat G.
Rollins, president of the West Tex-
as Methodist Woman's Council.The purpose of the Bible chair is
to offer religious courses to stu-
dents of the college, who have ex-
pressed their desire to enroll for
such. Calls for teachers who have
done religious work is the need of
such courses in the college.Assurance of assistance to locate
the chair here have been made by
Mrs. Rollins and Mrs. Dawns, ex-
ecutive of the Woman's Council.
President J. A. Hill has also filed

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

Fletcher's CASTORIA

PALACE CAFE

They May Call You

When the firemen call, dress for action. It is too late to think of insurance. The loss may be large—or the loss may be small—but a loss nevertheless unless you have your home and personal property well insured. Winter is the season of the year when fire losses are greatest. Putting off taking out a fire insurance policy is a gamble which no one can afford. Let us explain the economy which may be enjoyed in various kinds of policies.

J. D. GAMBLE
Agent

HINTS FOR THE HOME

BY NANCY HART

Who has not had the disappointment of tuning-in, anticipating a long evening at the radio, only to find "tube trouble" had mysteriously introduced itself?

One regrettable feature of the old-style tubes has always been their fragility. If you have ever examined them carefully you have doubtless found the most invisible wires arranged much like those in an electric light bulb—a construction so delicate that a very slight jar could cause damage to the tiny elements attached to the two-pillar center brace.

Now the screen grid tube made by one company has met this difficulty by using a four-pillar tube with the tiny supporting wires anchored at the top by a stiff mica plate. This holds the elements rigidly in place, so that they cannot be distorted by the jolts and jars of shipment or by necessary handling.

Another nice improvement is what might be called "two-unit construction"—whereby the power plant is mounted on a separate stage from the remaining tubes so that in case of trouble the one unit can be demounted and serviced independently of the other.

For Sunday Dinner

Cream of Salsify soup
Roast stuffed shoulder of pork
Candied sweet potatoes and apples
Spanish corn Enchilada salad
Coffee sponge with cream

Creamed Corned Beef

In two tablespoons of butter soften a tablespoon minced onion; add two cups white sauce; season with celery salt and paprika, and a teaspoon minced parsley. When perfectly blended, add 1½ cups diced cooked corned beef; heat thoroughly and serve with baked potato.

Hungarian Soup

Boil a large chicken in 3 quarts water; season with salt, sage and pepper; add 1 onion chopped and cooked until tender. Remove chicken, chop it fine, then add to soup with the yolks of 3 well-beaten eggs. When very hot, sprinkle with chopped parsley. Serve at once.

Coffee Sponge

Dissolve 2 tbs. lemon-flavored gelatin in ¼ cup boiling water and add to 2 cups strong black coffee, boiling hot; then add 2-3 cup sugar. When cool and beginning to

thicken, beat with rotary egg beater until quite stiff. Add whites of 3 eggs, beaten stiff, or 1½ cups stiff whipped cream, and continue beating until mixture will hold its shape. Turn into mold, chill, thoroughly, remove and serve with thin cream.

Washing Wool Sweaters

To wash brushed wool garments, make foamy suds of pure soap flakes and lukewarm water. Put garments in and squeeze with the hands, but do not rub or wring. Rinse in several waters, the last slightly soapy. Dry on a folded blanket spread flat on a table, shaping the garments carefully. Turn when one side is dry.

Longer Life for Brooms

Whisks and brooms will last twice as long if first "tempered" by immersion in soapsuds to toughen the fibre. Dip in suds, rinse well, shake and hang up to dry. Repeat every week or ten days.

Backing for Rugs

When rugs have become limp or curled, try coating the under side with very thin cooked starch to which is added five cents worth of gum arabic dissolved in a little water. Apply with a paint brush and allow to dry thoroughly before reversing the rug.

Burning Will Control Chinch Bugs in Wheat

"Chinch bugs, as usual, are now going into their winter quarters in large numbers. They have done millions of dollars worth of damage to the 1929 crops of wheat, oats and corn and are now getting ready for next year. Early next spring, as soon as the wheat and oats get started, these old bugs will come out of hibernation and will develop their first brood, ready to begin their 1930 rampage," says H. M. Bainer, Director, Southwestern Wheat Improvement Association. Continuing he says, "There is no profit in growing crops to feed chinch bugs and it is foolish to do so, especially when systematic burning of their winter quarters will kill them."

"The winter quarters of 90 percent of the chinch bugs will be found along the south and west sides of fences, hedges, ditches, roads, straw stacks and waste patches; under bunch-grass, bluestem, weeds, straw, leaves, trash, etc. They are usually more numerous where such cover is exposed to the afternoon sun. Nearly all bugs in corn fields, stubble pastures and woodlands will be

found around the edges rather than out in the center.

"Usually all bugs are hid away by December 1st, and the sooner their winter quarters are burned after this the better. Good effective burning may be done during any dry spell in December or January. Such bugs as are not destroyed by this early burning will die from winter exposure. A slow fire will kill the largest number of bugs, therefore it is best to back-fire and burn slowly against the wind. Burning of bugs is beneficial to individual farmers, but community campaigns are more satisfactory.

"Two broods of bugs are developed each year, the first one is ready for the wheat and oats and the second one comes in time for the corn and feed crops. It is estimated that the progeny of one female bug, like those now going into winter quarters, will amount to 10,000 by the time the second brood gets to the corn next summer. Therefore to destroy 100 females now is equal to killing 1,000,000 next summer."

A Poet-Prophet

By Dr. John Joseph Gaines

Tennyson, I mean. Take your copy of Tennyson's Poems, and turn to "Loksley Hall." Wander down the first words in lines, until you come to this:

"For I dipt onto the future, far as human eye could see."

Then read attentively the eighteen or twenty lines following; a prophecy is there that is being fulfilled to-day—and it is wonderfully beautiful.

He saw the age of flying. He visualized the era of commercial aviation, now being transformed into reality. He saw the world clash of arms; heard the heavens filled with shouting, sensed the rain of "ghastly dew" from the poison-gas bombs; the conflicts of "the nations' airy navies grappling in the central blue."

He foretold the termination of the fearful thing, in "the Parliament of man, the federation of the

world." After that—"The common sense of most shall hold a fretful realm in awe—And, the kindly earth shall slumber, lapt in universal law."

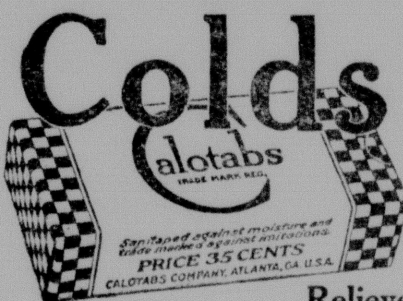

Almost—almost—but not quite. It is coming—the time when "the common sense" of most shall prevail, even unto the reign of "universal law."

One of our own great statesmen believed with all his might in a league of nations; other great statesmen declared an association of nations to be the need; still others, equally noted, wanted nothing of the sort. Confusion, uproar, hard words came to our national family councils; the people arose, and swept the whole mess aside.

If I discern the signs of the times aright, word-effort is straining toward the point wherein the common sense of most shall hold the fretful few in awe. . . . It will take universal law to bring peace and tranquillity to the peoples of earth—and, the universal law is none other than God's law.

The laws of man can never transcend the laws of God. May heaven forbid that I should ever descend to the level of partisan politics.

"What do You Mean . . . Penetrates Metal Surfaces?"

A Plain Answer to a Reasonable Question

THE Germ Essence, imparted to highly refined paraffin base crude under a patented process exclusively owned by the Continental Oil Company for North America, actually penetrates and combines with metal surfaces, forming a permanent, protective film.

No matter how long a motor stands idle or how cold it gets, this film is present and immediately lubricates the moving parts when the engine turns over.

It takes five to ten minutes—often longer—for the oil in the crankcase to fully flood the bearings in the starting operation. During this period, automotive engineers agree, from 40% to 60% of motor wear occurs. This wear is reduced to a minimum by the ready-and-waiting lubrication which the Germ Essence imparts to Conoco Germ-Processed Motor Oils, retaining it on and in the surface pores.

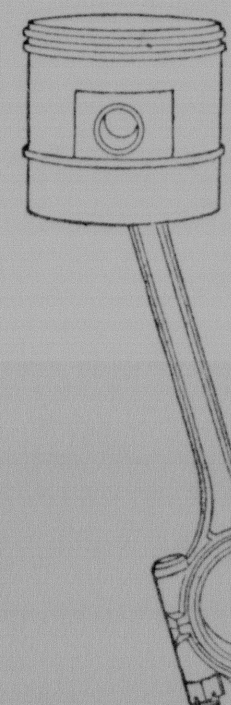

CONOCO Germ-Processed Motor Oil stands up under every condition of stress and strain. It will not break down or burn nor will it evaporate to any appreciable degree.

No other oil possesses these qualities.

So positive are we in our convictions, so positive have been our tests of this remarkable lubricant, that we are perfectly willing for you to select any operating condition—no matter how extreme—and we will meet it with Conoco Germ-Processed Motor Oil so satisfactorily that you will never consider using any other oil.

Go now to stations and dealers displaying the Conoco Red Triangle—have your crankcase drained and begin immediately to profit through the use of this remarkable oil.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that baby becomes fretful, or restless. Castoria was never more popular with mothers than it is today. Every druggist has it.

Fletcher's CASTORIA

PALACE CAFE

They May Call You

When the firemen call, dress for action, it is too late to think of insurance. The loss may be large—or the loss may be small—but a loss nevertheless unless you have your home and personal property well insured. Winter is the season of the year when fire losses are greatest. Putting off taking out a fire insurance policy is a gamble which no one can afford. Let us explain the economy which may be enjoyed in various kinds of policies.

HINTS FOR THE HOME

BY NANCY HART

Who has not had the disappointment of tuning-in, anticipating a long evening at the radio, only to find "tube trouble" had mysteriously introduced itself?

One regrettable feature of the old-style tubes has always been their fragility. If you have ever examined them carefully you have doubtless found the most invisible wires arranged much like those in an electric light bulb—a construction so delicate that a very slight jar could cause damage to the tiny elements attached to the two-pillar center brace.

Now the screen grid tube made by one company has met this difficulty by using a four-pillar tube with the tiny supporting wires anchored at the top by a stiff mica plate. This holds the elements rigidly in place, so that they cannot be distorted by the jolts and jars of shipment or by necessary handling.

Another nice improvement is what might be called "two-unit construction"—whereby the power plant is mounted on a separate stage from the remaining tubes so that in case of trouble the one unit can be demounted and serviced independently of the other.

For Sunday Dinner

Cream of Salsify soup
Roast stuffed shoulder of pork
Candied sweet potatoes and apples
Spanish corn Endive salad
Coffee sponge with cream

Creamed Corned Beef

In two tablespoons of butter soften a tablespoon minced onion; add two cups white sauce; season with celery salt and paprika, and a teaspoon minced parsley. When perfectly blended, add 1½ cups diced cooked corned beef; heat thoroughly and serve with baked potato.

Hungarian Soup

Boil a large chicken in 3 quarts water; season with salt, sage and pepper; add 1 onion chopped and cooked until tender. Remove chicken, chop it fine, then add to soup with the yolks of 3 well-beaten eggs. When very hot, sprinkle with chopped parsley. Serve at once.

Coffee Sponge

Dissolve 2 tbs. lemon-flavored gelatin in ¼ cup boiling water and add to 2 cups strong black coffee, boiling hot; then add 2-3 cup sugar. When cool and beginning to

thicken, beat with rotary egg beater until quite stiff. Add whites of 3 eggs, beaten stiff, or 1½ cups stiff whipped cream, and continue beating until mixture will hold its shape. Turn into mold, chill, thoroughly, remove and serve with thin cream.

Washing Wool Sweaters

To wash brushed wool garments, make foamy suds of pure soap flakes and lukewarm water. Put garments in and squeeze with the hands, but do not rub or wring. Rinse in several waters, the last slightly soapy. Dry on a folded blanket spread flat on a table, shaping the garments carefully. Turn when one side is dry.

Longer Life for Brooms

Whisks and brooms will last twice as long if first "tempered" by immersion in soapsuds to toughen the fibre. Dip in suds, rinse well, shake and hang up to dry. Repeat every week or ten days.

Backing for Rugs

When rugs have become limp or curled, try coating the under side with very thin cooked starch to which is added five cents worth of gum arabic dissolved in a little water. Apply with a paint brush and allow to dry thoroughly before reversing the rug.

Burning Will Control Chinch Bugs in Wheat

"Chinch bugs, as usual, are now going into their winter quarters in large numbers. They have done millions of dollars worth of damage to the 1929 crops of wheat, oats and corn and are now getting ready for next year. Early next spring, as soon as the wheat and oats get started, these old bugs will come out of hibernation and will develop their first brood, ready to begin their 1930 rampage," says H. M. Bainer, Director, Southwestern Wheat Improvement Association. Continuing he says, "There is no profit in growing crops to feed chinch bugs and it is foolish to do so, especially when systematic burning of their winter quarters will kill them."

"The winter quarters of 90 percent of the chinch bugs will be found along the south and west sides of fences, hedges, ditches, roads, straw stacks and waste patches; under bunch-grass, bluestem, weeds, straw, leaves, trash, etc. They are usually more numerous where such cover is exposed to the afternoon sun. Nearly all bugs in corn fields, stubble pastures and woodlands will be

found around the edges rather than out in the center.

"Usually all bugs are hid away by December 1st, and the sooner their winter quarters are burned after this the better. Good effective burning may be done during any dry spell in December or January. Such bugs as are not destroyed by this early burning will die from winter exposure. A slow fire will kill the largest number of bugs, therefore it is best to back-fire and burn slowly against the wind. Burning of bugs is beneficial to individual farmers, but community campaigns are more satisfactory.

"Two broods of bugs are developed each year, the first one is ready for the wheat and oats and the second one comes in time for the corn and feed crops. It is estimated that the progeny of one female bug, like those now going into winter quarters, will amount to 10,000 by the time the second brood gets to the corn next summer. Therefore to destroy 100 females now is equal to killing 1,000,000 next summer."

A Poet-Prophet

By Dr. John Joseph Gaines

Tennyson, I mean. Take your copy of Tennyson's Poems, and turn to "Loksley Hall." Wander down the first words in lines, until you come to this:

"For I dipt onto the future, far as human eye could see."

Then read attentively the eighteen or twenty lines following; a prophecy is there that is being fulfilled to-day—and it is wonderfully beautiful.

He saw the age of flying. He visualized the era of commercial aviation, now being transformed into reality. He saw the world clash of arms; heard the heavens filled with shouting, sensed the rain of "ghastly dew" from the poison-gas bombs; the conflicts of "the nations' airy navies grappling in the central blue."

He foretold the termination of the fearful thing, in "the Parliament of man, the federation of the

world." After that—"The common sense of most shall hold a fretful realm in awe—And, the kindly earth shall slumber, lapt in universal law."

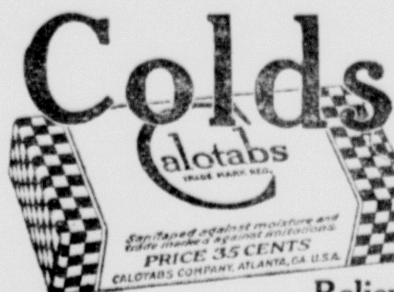

Almost—almost—but not quite. It is coming—the time when "the common sense" of most shall prevail, even unto the reign of "universal law."

One of our own great statesmen believed with all his might in a league of nations; other great statesmen declared an association of nations to be the need; still others, equally noted, wanted nothing of the sort. Confusion, uproar, hard words came to our national family councils; the people arose, and swept the whole mess aside. . . .

If I discern the signs of the times aright, word-effort is straining toward the point wherein the common sense of most shall hold the fretful few in awe. . . . It will take universal law to bring peace and tranquility to the peoples of earth—and, the universal law is none other than God's law.

The laws of man can never transcend the laws of God. May heaven forbid that I should ever descend to the level of partisan politics.

**HINTS FOR
THE HOME**

BY NANCY HART

Green Pea Loaf

Cooked peas rubbed through a sieve, one and a half cups, bread crumbs, one and a half cups milk, one egg, slightly beaten, one slice onion, chopped, salt and pepper to taste. Scald the milk, add the onion, bread-crumbs, peas and egg. Season to taste. Bake in a buttered baking dish or tumbale molds in a moderate oven until firm, about twenty minutes.

Beans, mashed carrots, fish or corn may be used instead of peas.

Curtains

Here's an idea for keeping your lace or scrim, net or swiss curtains clean.

Make one extra pair when you make the curtains. Then each week or each two weeks as necessary, take down one pair of curtains that are beginning to look soiled, and put up the extra pair instead. Wash the soiled pair, and have them ready to put up at another window the next week or the second week after as necessity indicates so that another soiled pair may be washed.

Thus you always have clean curtains, you never have more than one pair to wash at a time, and you don't have that ugly spectacle of a curtainless house for three or four days while the curtains are laundering.

The only hitch in this plan is that your windows may not all be the same length. In this case you would have to have all the curtains made for the longest window, and then when they were used on the shorter windows you could turn over an extra fold and baste it at the top.

Or, you could have two extra pairs, one for the short windows and one for the longer ones. Either way would work out satisfactorily.

Help Keep Canyon Clean.

**Ex-Students Association Plans
To Secure Secretary Next Year****Permanent File To Be
Kept for Contact With
All Exes.**

Co-operation of Teachers College ex-students will make possible placing in the field a full-time secretary early next year, it is said by directors of the Ex-Students Association.

After making a study of the most desired activity, the directors have decided that truly effective work can be done only through contact with the former students in the various counties of the Panhandle. Such a worker would assemble a permanent file and other indexed records, would help to organize county associations, and would have contact with both former students and prospective students.

It is believed that the most effective work could be done thru the spring months prior to high school graduations and continuing through opening of school terms next fall. Members of the Canyon Chamber of Commerce have stated that similar work done by Emmett Hazlewood one summer was considered very successful, and it is expected that the Canyon Chamber will lend material assistance in financing the worker. President Hill has also stated that the institution may be able to offer financial aid.

The only source of revenue the Ex-Students association has is the \$2 membership fee voted at the annual session last spring. The membership fee includes a year's subscription to The Prairie, leaving a net surplus in the treasury of only about half of the total contribution of each member.

A plea for an enlarged membership was made recently in chapel

by Olin E. Hinkle, president of the exes. He stated that the small fee was of little assistance in furthering the program unless many exes joined, but that a membership of 500 or more effective work could be launched. The value of placing The Prairie in the hands of ex-students was emphasized.

While former students are organizing in many counties, the membership drive of the general association is proceeding slowly, according to Mr. Hinkle. He stated that the success of the movement until a full-time secretary can be sent into the field, will depend upon the interest of ex-student leaders in the various counties.

Mr. Hinkle said that the association was lending its assistance to the projects in which its influence was valuable. He mentioned the effort to obtain post-graduate work in W. T. S. T. C., and stated that resolutions and data from the association were in the hands of Regent J. O. Guleke of Amarillo, and were being used. Mr. Guleke was recently interviewed by the president of the exes.

It is the intention of the present administration of the exes to work out a program of minimum requirements and point the way for future development. The body already has a file, and space for a worker has been promised the association by Registrar D. A. Shirley. The records to be compiled will be taken in part from the registrar's files.

Miss Elva Fronabarger of Canyon is treasurer of the Ex-Students Association. Those wishing to join are requested to send their names and their \$2 membership fee to her so that The Prairie may be sent them at once.

Farming Pays in Randall County.

**S. D. Burton Says
Prospects For B. B.
Were Never Better**

With six letter men around which to build an unusual team Big Coach Burton, the producer of T. I. A. A. championship basketball teams, is bidding high for the championship of 1930.

Both of last year's guards, Gerald and Ward, are back to fight for their Alma Mater, while three forwards, Red Keith, Dumb Newman, and Hatcher Brown are ready to toss the goals. Preach Fuller, star of the 1927 championship team, will be seen in action again this season, and three of last year's reserves, Bandy, Jones, and Logan will be back with some good experience from last year.

Several new men promise to be strong contenders for the team. Perry and Morris were the backbone of the Perryton team last year. Comer and McClendon are stars from Clovis. Ralls has sent two more men, Clyde Keith and Burke, to follow Cleatice Crump, Red Keith, and Daddy Gee in athletic history. Several others are looming up of less known ability.

Training will begin as soon as the football season closes. About forty-five are expected to try out for the team, most of whom are on the football squad. The schedule will be made out by the different coaches December 5th at Dallas.

Efforts are being made to arrange a trip starting with the School of Mines, going to Las Vegas Normal College, and the University of Arizona, with a possibility of journeying on to the Pacific coast.

We know that the radio has arrived when we see some tightwads buying them.

We hear it noised abroad that the attorneys for Ex-Senator Fall think they got a rotten deal in the courts.

Farming Pays in Randall County.

S. D. Burton Says Prospects For B. B. Were Never Better

With six letter men around which to build an unusual team Big Coach Burton, the producer of T. I. A. A. championship basketball teams, is bidding high for the championship of 1930.

Both of last year's guards, Gerald and Ward, are back to fight for their Alma Mater, while three forwards, Red Keith, Dumb Newman, and Hatcher Brown are ready to toss the goals. Preach Fuller, star of the 1927 championship team, will be seen in action again this season, and three of last year's reserves, Bandy, Jones, and Logan will be back with some good experience from last year.

Several new men promise to be strong contenders for the team. Perry and Morris were the backbone of the Perryton team last year. Comer and McClendon are stars from Clovis. Ralls has sent two more men, Clyde Keith and Burke, to follow Cleatice Crump, Red Keith, and Daddy Gee in athletic history. Several others are looming up of less known ability.

Training will begin as soon as the football season closes. About forty-five are expected to try out for the team, most of whom are on the football squad. The schedule will be made out by the different coaches December 5th at Dallas.

Efforts are being made to arrange a trip starting with the School of Mines, going to Las Vegas Normal College, and the University of Arizona, with a possibility of journeying on to the Pacific coast.

We know that the radio has arrived when we see some tightwads buying them.

We hear it noised abroad that the attorneys for Ex-Senator Fall think they got a rotten deal in the courts.
